

LIFTLORE (FOLKLORE) TIM MEAKINS

In this new solo exhibition, artist Tim Meakins satirically explores the folklore allegories surrounding one of the world's most famous prehistoric sites - Stonehenge. *LIFTLORE* playfully re-tells the mythical legends of Merlin and the Giants, describing the creation of Stonehenge, with tongue-in-cheek reflections on current day gym-lore (fitness culture).

Tim Meakins is a Perth (Boorloo) based artist and designer. Working across sculpture, painting, print, animation, and publishing, he employs a visual grammar drawn from the history (and present) of computer graphics and cartoons to create energetic propositions around the forms, limits, and possibilities of digital and analogue states-of-being.
