

Job Description – Project Architect

Job Summary

Stick Architecture is looking for a creative, motivated, and focused architect to join the team. Work and focus will range from design and project delivery to material research and regional planning in projects and endeavors for both public and private clients. We welcome various backgrounds and types of experience.

Duties/ Responsibilities:

Working along the Stick Architecture Team, this position will:

- Design concepts and develop solutions amongst a small team on a range of project types from Pre-Design to Schematic Design through Construction Administration.
- Research, identify and vet new technologies, products, and manufacturing processes.
- Design and build mock-ups in-house.
- Coordinate with consultants outside of Stick Architecture such as Sustainability, Engineering, and Manufacturing Consultants, Estimators, and General Contractors.
- Coordinate with research teams at universities working on like or adjacent fields of research such as material sciences, affordable housing, forestry, agriculture, and energy efficiency.

Required Qualifications

- Active Board Licensure
- Ability to translate disparate thoughts, technologies and ideas into buildable solutions that improve the built environment.
- Excellent Problem-Solving Skills
- Proficient in Autodesk Revit, Adobe Suite, and Microsoft Suite

Preferred Qualifications

- Excellent verbal, written, and drawing communication skills
- Excellent technical and construction detailing skills with a strong knowledge of efficient construction assemblies.
- Experience managing architectural basic services from schematic design through construction administration.
- Ability to communicate solutions with visual and/or tangible references such as drawings, models, or mockups.

To Apply

Interested but not sure if the position is a good fit? Reach out, we'd love to discuss the potentials. Eventually we'll need to see CV and portfolio, but we welcome questions and early discussions. Email Will McGarity at wcm@stickarch.com.
