Third parties through which we provide the Services and/or our business partners may be placing and reading cookies on your browser or using web beacons to collect information in the course of advertising being served on different websites. When visiting this Site, you shall be notified of the use and placement of cookies and other

similar technologies on your device as specified herein.

7.1. What are Cookies? A cookie is a small piece of text that is sent to a user's browser or device. The browser provides this piece of text to the device of the originating user when this user returns.

7.1.1. A "session cookie" is temporary and will remain on your device until you leave the Site.

7.1.2. A "persistent" cookie may be used to help save your settings and customizations across visits. It will remain on your device until you delete it.

7.1.3. First-party cookies are placed by us, while third-party cookies may be placed by a third party. We use both first- and third-party cookies.

7.1.4. We may use the terms "cookies" to refer to all technologies that we may use to store data in your browser or device or that collect information or help us identify you in the manner described above, such as web beacons or "pixel tags".

7.2. How We Use Cookies. We use cookies and similar technologies for a number of reasons, as specified below.

The specific names and types of the cookies, web beacons, and other similar technologies we use may change from time to time. However, the cookies we use generally fall into one of the following categories:

Type of Cookie	Why We Use These Cookies
Necessary	These cookies are necessary in order to allow the Site to work correctly. They enable you to access the Site, move around, and access different services, features, and tools. Examples include remembering previous actions (e.g. entered text) when navigating back to a page in the same session. These cookies cannot be disabled.
Functionality	These cookies remember your settings and preferences and the choices you make (such as language or regional preferences) in order to help us personalize your experience and offer you enhanced functionality and content.
Security	These cookies can help us identify and prevent security risks. They may be used to store your session information to prevent others from changing your password without your login information.
Performance	These cookies can help us collect information to help us understand how you use our Site, for example whether you have viewed messages or specific pages and how long you spent on each page. This helps us improve the performance of our Site.
Advertising	These cookies are placed in order to deliver content, including ads relevant and meaningful to you and your interests. They may also be used to deliver targeted advertising or to limit the number of times you see an advertisement. This can help us track how efficient advertising campaigns are, both for our own Services and for other websites. Such cookies may track your browsing habits and activity when visiting our Site and those of third parties.

7.3. How to Adjust Your Preferences. Most Web browsers are initially configured to

accept cookies, but you can change this setting so your browser either refuses all cookies or informs you when a cookie is being sent. In addition, you are free to delete any existing cookies at any time. Please note that some features of the Services may not function properly when cookies are disabled or removed. For example, if you delete cookies that store your account information or preferences, you will be required to input these each time you visit.

- 7.4. By changing your device settings, you can prevent your device's ad identifier being used for interest-based advertising, or you can reset your device's ad identifier. Typically, you can find the ad identifier settings under "privacy" or "ads" in your device's settings, although settings may vary from device to device. Adjusting your preferences as described in this section herein does not mean you will no longer receive advertisements; it only means the advertisements that you do see will be less relevant to your interests.

8. Third-Party Applications and Services. All use of third-party applications or services is at your own risk and subject to such third party's terms and privacy policies.

9. Communications. We reserve the right to send you service-related communications, including service announcements and administrative messages, without offering you the opportunity to opt out of receiving them.
