Conflict Minerals Declaration to RSI Inc. Customers

RSI Inc. is committed to ensuring the safety, health, and protection of people and the environment. As required by the Conflict Minerals provisions of the Dodd-Frank Wall Street Reform and Consumer Protection Act, HR 4173, Section 1502 (“Conflict Minerals Act”), RSI Inc. will not knowingly purchase raw material supplies that contain conflict minerals that directly or indirectly finance or benefit armed groups in the Democratic Republic of the Congo (DRC) or an adjoining country.

RSI Inc. is working with our suppliers to ensure they are aware of our policy and have urged them to support this policy. Many of our suppliers have similar policies and require their sub-tiers comply also.

Due to the complexity of the routes by which metals, and in particular precious metals, are smelted, recycled and sold, including the common practice of commingling ores and scrap from many different sources, it is often impossible for any company to obtain full traceability to an exact origin of all of these materials.

We will take continuous practical action to seek to ensure that materials from the conflict region do not enter our supply chain or products by obtaining certification of origin for materials covered by this governance.

If you have specific questions or would like additional information, please contact me at RSI Inc. (512) 262-3270
