“M.A.O.F. gave me the tools and the confidence I needed to go after the job of my dreams. They not only enhanced my knowledge of Bookkeeping and Payroll Accounting, but they really cared about my success. That sets them apart! I love my job with the Kern County Assessor’s Office and I am thankful for the opportunity M.A.O.F. gave me.”

“One of the best school to attend. They truly care about your education and they will go above and beyond to help you succeed.”

“One of best thing ever happened to me that changed my life :) Thank you so much always representing MAOF.”

“Very good program these people have been a part of helping me get my life together, I want to thank all of MAOF staff.”

“If you are thinking about going to college and running up thousands of dollars worth of student loans, DON’T! Depending upon what type of classes and training you are looking for, M.A.O.F. definitely has more bang for the buck. I learned sooo much more in Office Suite, Word and Excel, and the Bookkeeping course is AWESOME! They get you work ready, build confidence and I feel as though I got so much more education than I got in college when I earned my degree. Look into it.”
