

Welcome to The Smart COI Network™

Certificial is the leading Certificate of Insurance platform that is transforming the insurance verification process by using real-time data to ensure businesses have continuous, compliant coverage. Certificial eliminates risk, ensures compliance, and reduces costs for every stakeholder in the COI process.

Benefits:

- ✓ **Reduce Risk** by knowing suppliers, subcontractors and vendors have current coverage at all times
- ✓ **Save Time** by automating the manual process of insurance verification
- ✓ **Reduce Complexity** by finally ditching the spreadsheets and manage all your suppliers, subcontractors and vendors on a single, data driven system
- ✓ **Eliminate the Possibility of an Uninsured Claim** by utilizing dynamic data to ensure adequate coverage

How to get started.

- 1 Register by visiting our [registration page](https://my.certificial.com/sign-up) to create an account (<https://my.certificial.com/sign-up>)
- 2 Set up templates to help expedite requests. Questions? Reach out to our fantastic support team.
- 3 Make a Request for Coverage and begin monitoring insurance by sending it to your suppliers, subcontractors and vendor's email address. Contact Certificial for help with mass requests.
