WORKPLACE WELLNESS CHALLENGES

WHAT IS THE REIKI ROOM PROGRAM?

The Reiki Room Program is an initiative to support newly trained Level Two Reiki Practitioners to build confidence through experience with real clients in a real clinic.

Where did the idea come from?

There is a gap of support which Sarah has experienced herself and also witnessed her own students struggle with over years of training. This is the crucial moment after training where students are filled with motivation to help yet don't have

the resources or experience to rent a room on their own.

Spirit Earth Reiki believes in their students and in their ability to make impact within the healing arts.

From this The Reiki Room Program was birthed as a way to bridge this gap whilst providing quality connections & community at the same time.
