

About Digital Village:

We are pioneers in the collaborative creation of the Metaverse. Our team at Digital Village strives for excellence in the digital realm, redefining the way we interact in digital spaces, and how those digital spaces feedback into everyday life. From all of us at Digital Village, we look forward to working with you, like-minded and forward-thinking pioneers, to change the world!

Responsibilities:

- Preparation of financial management systems including forecasts, budgeting, cash flow management, consolidation, investment valuation
- Analysis & formulation of financial data to assist management in business decisions
- Creation and oversight of yearly financial objectives that align with the company's plan for growth and expansion (including fundraising plans)
- Provide financial, commercial, strategic and business guidance to fellow leadership team members on how to build for the future. Your best-in-class strategic thinking and ability to bring people together will be a driving force in how we successfully grow our business
- Partner with the CEO on financing strategy, board communications, and corporate development, utilizing your existing relationships and building new ones across the finance community
- Partner with all members of the senior management team and other company leadership on short-, medium- and long-term business strategy

Experience

Required:

- Degree or above in Accounting/Finance with relevant professional qualifications (e.g. CPA, CFA)
- Minimum 6 years or above Accounting/Finance experiences
- Familiar with international accounting and tax regulations
- Solid understanding of Cryptocurrency including Tokenomics & DeFi models
- Clear understanding of the nuances of financial demands in a start-up environment
- Strong sense of responsibilities, control mindset and able to work under pressure

Preferred:

- Previous experience of working in an early stage start-up in scaling phase is preferred
- Experience of fundraising - particularly investor pitches
- Immediately available is highly preferred
