Action plan 2023 (Action Plan 2022 has been used as a base for this document)

Introduction

- This action plan showcases the key priorities for developing KY – Aalto University Business Students in 2023. It acts as a guiding document for the Executive Board.
- The Executive Board will decide on implementation and resources to these projects and any other priorities that support KY’s mission and vision – existing only for and because of our members, striving to be the most meaningful community for kylteris.
  - An office program or similar will be presented to the Representative Council in their meeting during spring 2023, along with progress updates.

**Overall initiatives at KY**

The purpose of the overall initiatives is to highlight some areas that are crucial in all of KY the following year. This year, the focus is on 1) responding to growing student intake 2) listening and including members and 3) continuing the implementation of KY strategy.

Decreased sense of commonality caused by Covid-19 and growing student intake are the biggest challenges in the following years for KY. This combined with the unsustainable situation with premises requires attention to ensure the continuity of our community. Also, in the year 2022 approved strategy's implementation needs to be examined closely.

**Initiative 1: Responding to growing student intake**

<table>
<thead>
<tr>
<th>Objective</th>
<th>Action point</th>
</tr>
</thead>
</table>
| Associations and volunteers have the possibility to offer various activities and events to members | ● Ensuring balanced allocation of KY’s resources
● Supporting volunteers in scaling up activities and events |
| The quality of teaching isn’t negatively affected by a larger group of students | ● Continuing close cooperation with School of Business and U-level
● Supporting subject clubs in their actions and cooperation with school |

**Initiative 2: Listening and including members**

<table>
<thead>
<tr>
<th>Objective</th>
<th>Action point</th>
</tr>
</thead>
</table>
| Gathering feedback from members actively                                  | ● Creating processes to collect feedback from members and volunteers efficiently
● Focusing on the reachability of KY’s communication channels |
| Including a more diverse group of members on decision making and activities of KY | ● Focusing on RepCo elections and communicating about them throughout the year
● Finding ways to increase the sense of commonality among members who are not volunteers |
Initiative 3: Continuing the implementation of KY strategy

<table>
<thead>
<tr>
<th>Objective</th>
<th>Action point</th>
</tr>
</thead>
</table>
| KY values, mission and ways of working are implemented in meaningful concrete decisions | • The implementation of KY’s strategy is continued by creating processes that facilitate measuring and following actions and thereby tracking how the strategy execution is proceeding  
• A mid-term review regarding how the implementation of strategy has proceeded is executed at the end of the year 2023  
• The strategy and its linkages to everyday work are kept visible to community, stakeholders and at the KY Office through communications, trainings and other relevant ways |

Key initiatives for community

Initiative 1: Involving volunteers in development of KY’s resources

The demand for events has surged, and the resources are limited. We should focus on optimizing limited resources to match better our current event calendar and the needs of our volunteers. This requires listening to the needs of our volunteers.

Initiative 2: Inclusion and a balanced event portfolio for all students

We need to make sure that the KY has an event portfolio that is balanced and inclusive. This can mean for example larger and cheap events, inclusive events that introduce KY traditions, events that enable participation without alcohol, and so forth. We should uphold continuity but at the same time, support volunteers to create inclusive events.

Initiative 3: Inclusivity for international students and our diverse community is trained to be taken into account in all activities

Our diverse community and its needs are sometimes approached by listing separate ideas for improvement and not tying them together. We need to show example in educating ourselves and our volunteers of how inclusivity and the diverse needs of our students, such as the need for accessible arrangements, can be taken into account. This is also a way to highlight the opportunities of involving more members of the KY community in our activities.

Proposed measures for each sector (community)

1.1 Associations

<table>
<thead>
<tr>
<th>Objective</th>
<th>Action point</th>
</tr>
</thead>
<tbody>
<tr>
<td>Making sure associations can use and share KY resources as efficiently and fairly as possible. Ensuring that clubs operate according to KY values and the association by-laws.</td>
<td>• Coming up with ways to share KY’s resources and the associations’ resources to each other to avoid single-use culture.</td>
</tr>
<tr>
<td></td>
<td>• Creating a system where clubs apply for the club lockers.</td>
</tr>
</tbody>
</table>
| **Helping associations develop their harassment contact personnel conduct** | • Renewing the Club Forums and making clear that it belongs to associations responsibilities to attend  
• Defining, when the status of an official association is necessary, and when an unofficial group could also access KY resources  
• Mandatory training provided by KY IT-sector for using technical equipment at KY premises. |
| **Thanking associations more regularly** | • Holding harassment personnel trainings which are mandatory for associations. And making sure that all associations join them  
• Unifying the harassment contact personnel symbol/accessory across all KY events  
• Ensuring that all events held by associations have harassment contact personnel and display the KY code of conduct |
| **Associations’ operation are more inclusive to all students** | • Holding trainings conveying KY values for associations  
• Train associations on principles of inclusive communications (e.g. alternatives to “THIS EVENT IS HELD IN FINNISH”)  
  ○ Guidelines on inclusive event organizing and communications are shared to associations  
• Encouraging multilingual events (e.g. international students’ participation even though some parts or all of the event is held in Finnish) |
| **Communications are improved to be more agile** | • Communicating clearly  
  ○ maintaining easy access to important links and documents like the association training slides.  
• Monthly KY info message in Telegram |
| **Solutions for associations’ space issues** | • The possibility of applying for KY Foundation’s |
grants is clearly communicated to associations

- Ensuring that associations know what external spaces are offered by AYY or other third parties
  - party venues, sauna venues and also cellar spaces for club spaces
- The association sector explores possibilities of collaborating with the KY foundations subsidies committee and KY's executive board to further help the associations

### 1.1.1 Subject clubs

<table>
<thead>
<tr>
<th>Objective</th>
<th>Action point</th>
</tr>
</thead>
</table>
| Cooperation with Subject Clubs is adjusted according to Subject Clubs’ wishes and needs | - Answers from Subject Club survey conducted in fall 2022 are used in planning the cooperation
  - Ensuring that KY’s support in communications meets the needs of our volunteers                                                         |
| The existence and execution of Round Tables is re-evaluated               | - The Round Table concept is re-evaluated in each sector concerned, according to discussions held in 2022
  - Round Tables for Subject Club Chairs and for study responsibles are continued as regular open forums for discussion. They are developed according to the members’ wishes.
  - Continuing the Round Tables for Corporate relations, Communications and Alumni is seriously reconsidered. The possibility of replacing Round Tables for Communications and Corporate relations with trainings and open communication channels is taken into consideration. |
| Subject Clubs have good relationships                                    | - KY helps and encourages subject clubs to start                                                                                                                                                           |
with their departments, supported by KY

- Communication with their department early on
  - The Halloped positions occupied by subject club study responsibles are clarified with the help of KY’s Academic Affairs sector
  - The possibility of the school offering spaces for Subject Clubs is proactively looked into by KY

**Cooperation between subject clubs and Helsingin Ekonomit is continued**

- Board member responsible for subject clubs initiates contact with Helsingin Ekonomit

**Board members from different subject clubs have chances to get to know each other and cooperate**

- If possible, KY holds a live training for all subject club members at the beginning of the year
- KY looks into organizing a more relaxed event to enhance the cooperation between subject clubs

Subject Clubs are encouraged and helped to have a large role in the orientation of new students - be it 1st-year students, 2nd-year students starting in their major or new master’s students

- Orientation is discussed with all Subject Clubs
- The important role of Subject Clubs in the orientation is taken into account in the order in which associations get to book facilities for their events

### 1.2 Culture

<table>

<tr>
<th><strong>Objective</strong></th>
<th><strong>Action point</strong></th>
</tr>
</thead>
</table>
| Optimizing limited resources to match better our current event calendar / to the needs of our volunteers. | - Developing co-operation with 3rd party event spaces (especially with larger events).
- KY participates more actively to AYY’s tilakähmyt
- Collecting feedback from volunteers about our current resources
- Collecting feedback/ideas from volunteers regarding Saha renovation 2023. |
| Improving the accessibility of our events | - Exploring the possibility to utilize BeWell tutors in more events.
- Training and guiding volunteers to take internationality into account better.
- Scaling up the events that can be expanded (pub crawls) |
### Skills of our volunteers in event organizing are improved

- Event training is organized for subcommittees, committees and other volunteers.
- Focusing on developing the IT/AV skills of volunteers as it becomes a mandatory part of every event organizer's knowledge.
- Training info will be updated (after COVID-19, move from the KY Building etc.)

### Co-operation with AYY, its associations and members is still being improved

- Continuing the co-operation with TJ and AAVA.
- Looking into co-operation possibilities with TF.
- Reaching Aalto students more in our event marketing and other way around (sharing info about AYY events to our members).

Key initiatives for resources and organization

Initiative 1: Structures support members taking action

To include a more diverse group of our members to decision making promoting the Representative Council elections is crucial in the year 2023. Besides the elections, it's also important to find ways to reach out to members about new kinds of volunteer positions or other kinds of opportunities to take action in the KY community.

Initiative 2: Ecological, social and economic sustainability are equally considered

*Sustainability is encouraged to be taken into account in ecological, social and economic perspectives and the KY community, volunteers and the Office are continued to be educated on how sustainability can be considered in our actions from these perspectives. Sustainability is kept visible towards the community in communications and our volunteers are involved in planning and execution of sustainable event organization.*
