

INTRODUCTION TO DISABILITY in the Workplace

PROPERLY LISTEN TO AND VALUE THE EXPERIENCES OF DISABLED PEOPLE.
ERASE ANY SENSE OF EXPECTING SOMEONE TO PUT UP WITH HOW THINGS ARE

It's important to consider
how society's view of
disability can impact the
lives of disabled people

ACCESSIBILITY
is not a term relevant
only to tangible features
of a workplace

It's very important
not to compare
disabilities or reinforce
a damaging hierarchy

BARRIERS COME IN MANY FORMS,
and equity recognises that every person has different
needs and has the right to access different resources based on these.

JUSTICE IS THE LINKED PRINCIPLE OF PEOPLE WITH DISABILITIES DESERVING
APPROPRIATE TAILORED SUPPORT WHEREVER AND WHENEVER NEEDED
