Everyday Santa with real gifts and airdrops

Tubbly leaves stuff and tokens all around the world.

Tubbly

Tubbly for user:

- Free TUBE tokens and much more
- Free items
- Play to earn

What is Tubbly?

Tubbly is a Everyday Santa on blockchain and Metaverse in real life, but with real items and tokens. With **Tubbly**, users can find real products and tokens they can exchange for physical goods.

A new dimension of marketing through geolocation

Through Tubbly, brands can place their logos on the map in the form of a spot. In the spots, users will find free items and tokens.

Tubbly for partners:

- Show the logo on the map
- Redirect the traffic
- Giveaway and airdrop

TUBE token:

Marketplace - collected tokens can be exchanged for items.

Ranking - gamification and competition between users. The higher you are in the ranking, the bigger the chance of additional items.

Staking - stake TUBE in exchange for NFT representing spots. Sell spots on the open market.
