

chatfood for Events

Build the ultimate guest experience!

You want your customers to focus on their experience and not have them worry about anything else.

Provide hospitality for large spaces and a diverse audience

Offer F&B without impacting your customers' entertainment experience

Engage with customers before, during and after their visit

What can ChatFood do for you?

Create the best-in-class event experience

Let your guests "Sit back, relax and enjoy" with Chatfood's cutting-edge ordering solution. Our one-click ordering allows your guests to fully immerse themselves into your experience rather than having to worry about how they can order food and drinks.

Attract more guests

ChatFood unlocks the invaluable opportunity to know who your customers are, and what they like, capture feedback and engage with them. Our commission-free technology captures customer data on delivery and dine-in orders and allows you to offer the ultimate personalized experience to your loyal customers.

Drive more revenue

ChatFood supports your growth and helps you capture incremental revenue. Drive web, social media, and dine-in orders with data-driven marketing capabilities and let you engage with your customers via WhatsApp, SMS, and email. We don't stop here. With our advanced upselling features built into our product, never miss an opportunity to capture revenue.

Collect relevant data

Bring your VIP experience to the next level. With our 'call wait staff' feature, encourage guests to upgrade their seat/box.
