## Experience

**H-E-B** • November 2019–Present

Senior Product Designer • Austin, TX

Working on the “Cart to Home” product team that oversees cart, checkout, and post-order experiences for grocery curbside and delivery services.

Led and contributed to efforts such as design requirements, stakeholder alignment, research interviews, component libraries, accessibility, and visual design hand off for web and native platforms.

**Thirteen23** • September 2017–October 2019

Designer • Austin, TX

Worked on a variety of design projects for clients including Visa, Bose, Kohler, Experian, and Dell. Projects ranged from UX, interaction, visual design as well as engineering hand off and design QA.

**Argodesign** • June–August 2017

Visual Design Intern • Austin, TX

Contributed to prototyping, design documentation, hand off, and marketing email design for clients like CognitiveScale, United Rentals, and Momentum.

**Waverly Labs** • 2013–2016

Visual and UX Freelance • New York, NY (Remotely)

Wireframed a translator app and designed an Indiegogo campaign page that reached a \$4.4M fund.

## Education
