WIF Program

The WIF Program creates an empowering environment for women to confidently explore opportunities within the finance industry. Delegates will gain the necessary tools to build a foundation of technical finance knowledge and key soft skills through the program. They will also be introduced to industry experts and supported throughout their recruitment.

Program Pillars

Social

Monthly socials to form a stronger community within the females in finance at Laurier. Provides a safe space where connections can be formed on a more personal basis. Potential year-end gala with awards and presentations.

Mentorship Program

Match up delegates with either upper years or alumni (leverage females and males as mentors) to provide a one-on-one support system. Bi-weekly meetings with a collection of questions and discussion topics.

Academic

Monthly meetings with an emphasis on hands on learning activities that vary per month (case practice, industry and company research, mock interviewing etc).

Corporate Relations

Connect with corporate partners to provide information about and initiate new diversity programs/events. Particular focus on US firms/events to prepare members for recruitment opportunities.
