## We Wednesday

Changing People's Lives (CPL) International will sponsor a day trip to an island one hour from Roatan with a full lunch, and fruits and drinks, roundtrip, where you can do swimming and snorkeling and other related activities.

But you also have the option of going by yourself to activities on your own, like the ones mentioned above, as well as visit Monkey Paradise, Delphine's, running on West Bay, renting your own boat with a driver, shopping in the afternoon, or a simple day of rest.

## Su Sunday

Return to Miami, where we are scheduled to depart around 1:00 pm with an estimated arrival time at the Miami airport around 5:00 PM EST. If you have a connecting flight from Miami keep in mind that you need to go pick up your own bags and go through customs and Immigration before you go back to re-check in outside for your connecting flight.

Changing People's Lives (CPL) International could also customize your own or your group's mission experience based on your desires, goals and type of mission trips you may have in mind. Please let us know what an experience is that you would like to develop in addition to what we offer.
