### NO FEES

The \$100,000 is a deposit that is tokenized and kept in your own wallet. There are no hidden fees, legal fees, consulting fees, etc.

### LIQUID ASSETS

Your asset/investment is not tied down physically. As a digital asset, you can unlock, give up the residency and sell the assets immediately.

### OPPORTUNITY FOR GROWTH

As a fixed supply token, with more residents joining Oz and locking up tokens, the circulating supply falls, and the next residency will have to purchase USD 100,000 worth of TOTOZ from a smaller supply.

# Advantages of TOTOZ tokens

Why get your residency through TOTOZ tokens versus traditional investments?
