

ABOUT ME

Currently pursuing a Master in Interaction Design at SUPSI (Ticino), building on my previous experience as a consultant and BI developer.

I consider myself as an **active listener and critical thinker**, who likes to **work hands-on**.

French, Portuguese, English (C1),
German (B1), Spanish (B1)

SKILLS

I possess strong skills in **user research, prototyping, wireframing**, and mapping processes, and have extensive experience in **web development**, SEO, and building **back-end applications**. With a solid understanding of these areas, I can create effective and user-friendly digital experiences that meet business objectives.

Software that I'm familiar with:

- Figma, Miro
- Photoshop, Illustrator & Premiere
- Arduino
- Fusion 360
- Visual Studio Code, SQL MS
- PowerBI, Excel & other MS Office
- Git
- Firebase

Language that I'm familiar with:

- Javascript (P5.js, React)
- HTML5 & CSS3 (SCSS)
- PHP
- Java, C#
- Python

EDUCATION

Master of Arts in Interaction Design

Sept. 2022 - present

University of Applied Sciences and Arts of Southern Switzerland SUPSI

Following this master to consolidate my learning about UX and IxD. So far, through various projects, I had the opportunity to explore many important fields such as : design thinking, user research, fast prototyping of both tangible and digital interface, 3D modeling and printing, coding in Arduino, creative coding with p5.js and experimentation with ML models.

Double bachelor degree

Sept. 2017 - Jul. 2020

Business Information Technology

HES-SO Valais/Wallis University of Applied Sciences (Switzerland)

Business Administration

Haaga-Helia University of Applied Sciences (Finland)

I had the opportunity to do my 3rd year of bachelor in Finland as part of a double degree program. Overall with this bachelor, I gained strong coding skills both in back-end or front-end. I learned also about UML and BPMN which I think can be of great value when it comes to designing services or software interfaces.

UX Designer SAWI Certificate

Mar. 2022 - Sept. 2022

SAWI Academy for Marketing and Communication SA

This certificate aims to provide practical knowledge in the application of methods and techniques related to the UX Design profession. We conducted a pro-bono project for a local company that we solved with the design sprint method. As a diploma project, I designed the first prototype of the mobile version of a software for independent midwives.

WORK EXPERIENCE

Junior BI Consultant & Developer

Oct. 2020 - Dec. 2021

Synchrotech SA, Martigny (CH)

Analysis, development and maintenance of data integration systems and business applications to support key customer processes.

Flutter developer & UX Designer

Sept. 2019 (4 months)

Signant Health, Helsinki (FI)

Development of a front-end application in Flutter, Unit testing, UX analysis and research. I was Scrum master and used Git, Trello and Slack.

Freelance webmaster

2018 - 2020

Websites creation for independents and associations (Wordpress or from scratch). Management of hosting, domains and SEO.
