UNDERLAY BLANKET

UNDERLAY BLANKET BLACK

FABRIC BASED UNDERLAY BLANKET FOR OFFSET PRINTING

High Quality Underlay Blanket for Offset Printing

- // Underlay Blanket in thicknesses available from 0,70 – 1,95mm
- // Stable and durable
- // Precision surface
- // Minimal setting behavior longtime
- // Environmentally friendly due to low-solvent production
- // Different thicknesses available, individually matched to your process
- // Carcasse are mechanical stress resistant

TECHNICAL DATA

Surface

Color: black

Hardness rubber (DIN 53505):
75° Shore A

Roughness of Top:
RA: 1,3 µm

Compressibility

at 1.350 KPa:
0,187 mm ± 0,027 mm

Fabric Bases

3 calibrated fabric layers
