UNDERLAY BLANKET

F-COMP

HIGH QUALITY SELF-ADHESIVE UNDERLAY BLANKET FOR VARNISH-UNITS

- // Top Layer is conceived to avoid friction between Varnish-Plate and Underpacking
- // Available in thicknesses from: 1.00 – 2.30mm
- // Excellent coat finish guaranteed by high compressibility
- // Environmentally friendly due to low-solvent production
- // Different thicknesses available, individually matched to your process
- // More convenient change of Plates

TECHNICAL DATA

Surface

Color: blue / black

Compressibility

at 1.350 KPa:

0,170 – 0,220 mm

± 0,027 mm
