AL NUZUL

Location: Diriyah
Date: February 24, 2021

Al-Nuzul is a group of 13 traditional mud houses inside At-Turaif district, where the Royal Al-Saud family lived during the First Saudi State. Al-Nuzul can be activated to illustrate the traditional social life of Diriyah at that time. This will be done by using the artistic concept of street theatre. Each house will represent one aspect of Diriyah's social life in the first Saudi State (e.g. Welcome, Date Pressing, Food, Family Life, Street Life, Traditional Medicine, Old Schools, Traditional Markets etc.).
