

Ersatzteile/spare parts

- Filter/filter 100 µm PE 03.27.05
- O-Ring/gasket ZZ 20.02.35

Auslegungsdruck 400 bar bei 120°C  
 Prüfdruck 600 bar bei 20°C

design pressure 400 bar at 120°C  
 test pressure 600 bar at 20°C

|                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                               |  |                                                                                    |                                                  |
