EXPERIENCE

Double, Sr. Product Designer

Aug 2021 – Present ▪ Los Angeles, California ▪ Full-time

- I'm leading the design of the Double App for Web, and iOS;
- Conduct user research, including surveys, user interviews, and usability testing to understand customer needs and preferences and use insights to inform design decisions;
- Facilitate design reviews and brainstorming sessions for the entire team to get feedback and generate effective solutions for product challenges;
- Collaborate with cross-functional teams, including engineers, marketers, customer success, and operations, to bring product vision to life.

Smartist, Sr. Product Designer

Oct 2019 – Jul 2021 ▪ Odesa, Ukraine ▪ Part-time

- Led the design of the Smartist App, from the idea, competitor analysis, market and user research, user flows, prototyping, user testing, and to visual and interaction design;
- Played a critical role in product strategy, design vision, technology choice, recruiting & hiring, and launch preparation.

Readdle, Sr. Product Designer

Dec 2018 – Jul 2021 ▪ Odesa, Ukraine ▪ Full-time

- Redesigned one of the most popular calendar apps on iOS with millions of active users — Calendars by Readdle, resulting in a 255% increase in revenue, a 145% increase in downloads, and a 157% increase in MAU;
- Redesigned Scanner Pro 8, recognized as the best scanning app by the New York Times, with a notable increase in revenue and 10x in downloads;
- Utilized data-driven insights to inform design choices, achieve measurable business results, and fulfill users' needs.

DataArt, UX & UI Designer

Aug 2017 – Nov 2018 ▪ Kyiv, Ukraine ▪ Full-time

- Designed web systems for the healthcare industry;
- Created data visualizations for a variety of projects and platforms;
- Collaborated with the design team, project managers, and medical employees, including doctors and company's stakeholders.

EDUCATION

Bachelor of Fine and Applied Arts

Rivne State University of Humanities

Sep 2012 – Jul 2017 ▪ Rivne, Ukraine

Studied painting, drawing, composition, color theory, typography, and computer graphics.
