

UPPiNG YOUR ELViS

Team Workshop. A human, energetic, and soul-filling workshop designed to make everyone in your team feel more energised, impactful and alive.

Get a super-tight team who understand themselves, and each other, better. They will become laser focused on how best to apply their unique talents, driving results every day. Your people will get an energetic and cultural boost and feel inspired to change the wider business for the good.

Teams create culture. They create a sense of belonging for people and set the behavioural standards they live by. It's in teams that the true culture of your organisation lives.

TWO-DAY TEAM WORKSHOP.

We give teams the space to invest in how they work and tighten up relationships. The workshop helps to get everyone clear on the standards that the team is committed to. They will learn new, energetic and creative behavioural approaches that can apply to any issue they might face.

- Learn how to make every interaction at work and in life count.
- Discover how to love getting feedback and use it every day.
- Think more creatively on any issue and deliver results without brainstorming.
- Become pro at managing your energy to get more 'good' days.
- Understand how to lead change and make it a fun and exciting ride.
- Learn how to have direct conversations beautifully.
- Thrive on experimentation and love making extraordinary things happen every day.
