California

Restaurant Week is about more than just incredible meals and incredible value. During a time when it's needed most, KCRW offers the opportunity to directly support Kansas City's restaurant industry—including many small, family-owned businesses.

In addition to supporting KC's restaurants, you'll be doing good for the entire community. Participating restaurants pledge to donate 10 percent of sales from each meal to benefit an annual charity partner and two founding beneficiaries.

The 2023 Community Partner is Cornerstones of Care,

who leverage decades of expertise to provide an array of quality prevention, treatment and support services to children and families who have experienced significant trauma. The organization has helped more than 15,000 children and families through youth/family support, foster care/adoption and community education and training.

KCRW's founding beneficiaries include the Visit KC Foundation and the Greater KC Restaurant Association Educational Foundation. These non-profit foundations are dedicated to workforce development within tourism and hospitality, two areas hit particularly hard by the pandemic.
