# Fakeeh Care Group Education

## | Fakeeh College for Medical Sciences - Jeddah

People are at the center of what we do; and to be able to achieve our ambition and create next levels of healthcare delivery, we need highly specialized and motivated staff members.

The College was thus established to inspire and enable the students to tune into the Fakeeh Care values. By creating our own education system, we make sure that are able to inculcate the Group's values, systems, methods and processes in our future staff members. We groom and train them for a bright healthcare future that lies ahead of them either with our group or externally.

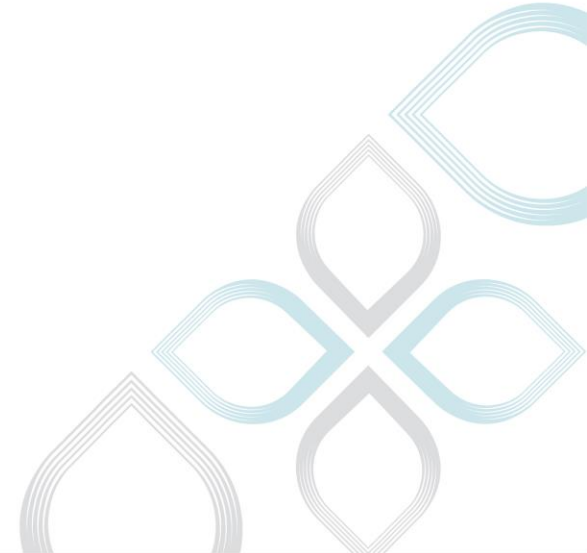

## | Khadija Attar Center - Jeddah

Children with special needs is an area of intense attention where a dedicated approach is a necessity. Khadija Attar Center (KAC) for children with special needs is one of Fakeeh Care initiatives with the motive to bring a solution to this important matter and ease the lives of struggling families.

Our services are curated in line with the global standards of care and we ensure that utmost care and compassion is added to our services under this initiative. We train our staff regularly on the sensitivity of the section, which has resulted in high levels of satisfaction and happiness index of the parents and the children we cater to.

- Fakeeh Vision is an extension of our optical services for the patients and other consumers.
- It felt right to add this dimension to Fakeeh Care Group, as it created an extended and easy-to-avail facility for our visitors and patients.
- The product line was launched so that our patients and consumers receive the same love and affection as they get at our medical facilities, even at our retail outlets..

## | Others

### Advanced Horizon Contracting

Building a hospital is a mammoth task, which should ideally go right at the first attempt itself.

Fakeeh Care Group has an immensely detailed line up of healthcare facilities and thus, it was additionally vital for us to get it right from the start itself.

The AHC was thus launched with the goal to be :

- Internally equipped to handle the complex undertaking of making a hospital/healthcare facility.
- Superior, patient-friendly designs with global standards,

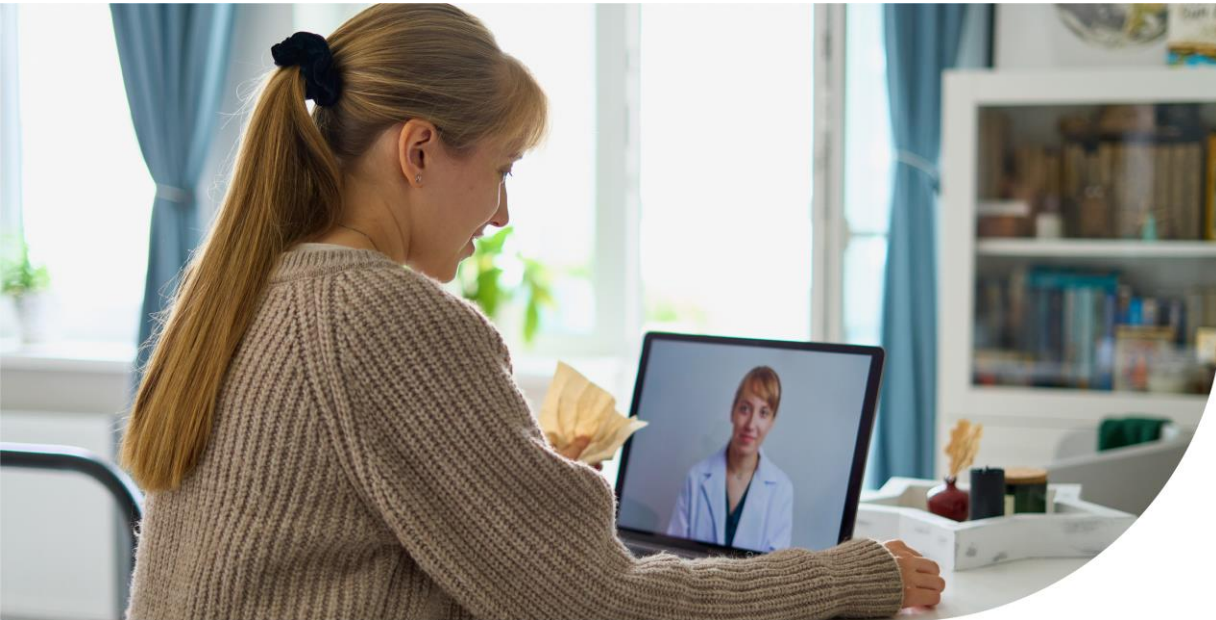

### Al Farabi

- Provide quality personnel to all fields of expertise in KSA
- Providing Complete recruitment solutions , sourcing and supplying quality staff
- An initiative to that helps to meet the increasing demand for nurses , paramedics and other healthcare professionals around the world
- Offer an extensive network of talent that ranges from entry-level to all the way up to highly qualified professionals.
