# ABex PXIe Rack 04

Four slot PXI/PXIe full hybrid ABex Chassis
with up to PXIe x4 connectivity on each slot.

Overview

Ultra-Compact 2U ABex chassis with 4 slots. This variant is characterized by outstanding compactness and due to the directly integrated PXIe full hybrid backplane one achieves maximum performance at an attractive price. The first slot is reserved for a single slot PXIe controller. Either Konrad PXIe embedded controllers or MXI interfaces are supported.

Features

- Compact size – 19" 2U
- PXIe/PXI full hybrid backplane
- 3x PXIe/PXI hybrid peripheral slots
- Supports third party PXIe/PXI devices
- Standalone operation with Konrad single slot embedded controller
- Up to PCI GenIII x4 connectivity on each slot
- 12GB/s maximum bandwidth
- 30 Bus analog backplane integrated
