UNIVERSITY OF BOTSWANA BREAST CANCER UNIT

How will your organization be able to contribute to the ABC Global Alliance mission and vision through this leadership position? (max 200 words and/or 2-3 minutes video (optional) to be enclosed)

Our organisation is advocating for better access to care for ABC patients, via patient navigation and establishing care pathways. It is also advocating for Drugs and Radiotherapy accessibility. The breast clinic is increasing accessibility to caregivers by giving virtual advice throughout the country.
