

EcoDomo[®]
Leather Surfacing and Fabrication Company

CABINETRY COMPONENTS IN LEATHER

EcoDomo[®]
Leather Surfacing and Fabrication Company

A LEATHER & COMPONENT MANUFACTURING COMPANY

We manufacture leathers recycled & hide

We manufacture doors, drawer fronts,
countertops - all in leather

Our products may be cool,
but our business practices will bore you

Made in our own workshops
in New York and Maryland

WHY LEATHER IN CABINETRY or CASEWORK?

EcoDomo's components for cabinetry offer designers a natural extension of the luxurious, warm and sustainable appeal of leather.

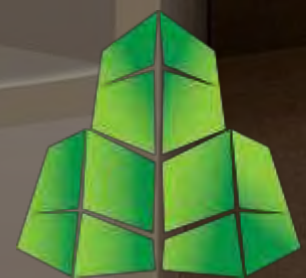

LEATHER WORKS FOR CAR INTERIORS - WHY NOT FOR CABINETS?

LEATHER IS A DIFFERENTIATOR

Novelty
Exclusivity
Ease of Integration
Performance
Cleanability

It's warm, luxurious
and sustainable

EcoDomo®
Leather Surfacing and Fabrication Company

ECODOMO MANUFACTURES BOTH HIDE & RECYCLED LEATHERS

Coal Shagreen

- 
- The image shows a well-lit, modern walk-in closet. On the left, there are several rows of hanging clothes, including white shirts and blue shirts. Below the hanging clothes, there are shelves with shoes. In the foreground, there is a large, dark leather countertop with a wooden base. The countertop has drawers on the left and open shelving on the right. The background shows more hanging clothes and shelves. The overall design is clean and organized.
- Ideal for closets, home offices & vanities
