License Emergency Medical Technician
National Park Community College, 2006

Bachelor of Science in Biology
University of the Ozarks, 2010

Master of Science in Interdisciplinary Biomedical Sciences
University of Arkansas for Medical Sciences, 2013

I credit my time at Gospel Light School with really instilling in me a love for learning...not just memorizing to pass a test or pass a class, but the desire to learn thoughts, processes, and concepts with the intention of gaining a deeper understanding of myself, my Creator, and the wonderful world that He gave us. It is this level of knowledge that prepares a student for success in college. The wonderful faculty & staff at Gospel Light were always there to encourage and enlighten, and I will forever be thankful for the presence of those people in my life. As part of the love they bestowed upon me, they expected a high degree of integrity, perseverance, respect, and honor. This pushed me to generate the best possible product, no matter how insignificant the task seemed at the time. Once in college, with increasingly less supervision, I realized how much it was ingrained in me to do my best, no matter who was looking or what the reason. Self-motivation and a sense of responsibility for your work are two keys to success in college, and I believe the faculty & staff at Gospel Light adequately prepared me for that.

It was in junior high that I felt drawn to science, and Gospel Light School allowed me to pursue this avenue of study; it is, in part, because of my time there that I am able to spend each day doing a job that I love, knowing that I am right where God wants me to be.

Please call us today to schedule your personal tour of our campus. Our administration office would love to speak with you to give you information and answer any questions about how your precious child can become part of our Christ-centered program.

DISCOVER GOSPEL LIGHT CHRISTIAN SCHOOL

EDUCATING YOUNG PEOPLE WITH A
BIBLICAL WORLDVIEW

Discover Gospel Light

Gospel Light Christian School is one of Central Arkansas' premier private school, educating students in pre-school through 12th grade. At Gospel Light, we not only desire for our students to grow academically, socially, and physically, but spiritually as well.

Each class is taught through a Biblical world view which integrates God's truth with learning. Gospel Light produces individuals who will become productive members of society, and contributing members of the body of Christ. As a parent, you can be

confident that whether your student is in an elementary classroom or an AP English class, they are receiving a top-notch education from qualified teachers.

Discover Knowledge

Gospel Light Christian School opened its doors in 1994 with the goal of providing excellent academics in a distinctively Christian environment. In pre-school through 12th grade, our teachers use innovative teaching techniques that provide each student with an excellent educational experience where students become excited about learning and succeeding.

Gospel Light's dedication to academic excellence becomes apparent as our students continually score above state and national averages on standardized testing and when graduates are granted acceptance into some of the most prestigious academic institutions in the country.

Discover Truth

At Gospel Light Christian School, we believe that all truth is God's truth. Spiritual growth is emphasized in all aspects of our school. All students participate in weekly chapel services featuring special speakers, student participation, and worship through music. Additionally, each student from pre-school through 12th grade has a Christian studies/Bible class integrated into their course work.

Mission Statement

“Gospel Light Christian School exists to support parents and guardians in their Biblical responsibility to nurture and train their children. Thus, GLCS provides opportunities which allow students to realize God-given potential and to live lives that glorify God in the spiritual, academic, social, physical, and vocational realms.”

Discover Competition

Our primary mission in athletics, is to provide quality interscholastic experiences in a distinctively Christian program. We believe that athletics can be used as a unique educational tool that will glorify God. By developing Biblical character qualities to equip young men and women intellectually, physically, socially, and spiritually in Christ, students are empowered to use their gifts and talents to impact our world for Christ.

Our Gospel Light Lions' teams have won multiple state championships. Each sport is coached by Godly men and women who are experts in their field. Our teachers and coaches have a desire to see your child succeed not only in the competitive arena, but in all aspects of life.
