

Opportunity

No more than ten owners will make Casteel Creek their home. Ten homeowners on ten homesteads so rich with wonder they are named, not numbered. Homesteads whose natural majesty is matched only by their absolute privacy. There's no place left like in the American West. And, very likely, the world.

Property

Casteel Creek is an invitation to adventure, recreation and relaxation. The amenities are unmatched in variety and quality. The best of everything, for every season. Indoors and out. Coyote Lodge and Sporting Club, Casteel Creek's sprawling 28,000-square-foot amenity center, gives owners and their guests exclusive access to a lap pool, outdoor hot tub, steam room, fitness center, fieldhouse, climbing wall, practice shooting range, customized event spaces and much more. More impressive still, every activity and facility is meticulously maintained. Right down to the linens by the lap pool and the miles of groomed trails for hiking, snowshoeing, snowmobiling, skiing and more.

Location

Day or night. In every direction, nature is all you see. Or hear. Protected by thousands of acres in the White River National Forest, Casteel Creek is set upon 457 acres of pristine meadows, mountains and streams and sits in the heart of world-renowned Vail Valley. Just 27 miles from the Vail Jet Center & Eagle County Regional Airport and within driving distance to the Colorado Rockies' finest amenities, including world-class skiing and year-round professional sporting, cultural and culinary events – minutes from the sophistication, shopping, dining and entertainment that makes this part of the American West like nowhere else.
