Relevant Experience

phatjazz
Product Designer
Dec 2022 - Mar 2023

- Performed an analysis of business objectives and product requirements for a Denver-based musician's responsive desktop and mobile site.
- Facilitated extensive user research to gain deep insights into the needs and motivations of the stakeholder and users, thereby identifying valuable opportunities for the development of a website.
- Employed a user-centered design process to iteratively create high-fidelity wireframes, flows, and prototypes.
- Collaborated with a developer during the website implementation phase.
- Created branding and promotional assets that were utilized across digital and physical mediums.

Armijo Design Group
Project Manager/
Assistant Designer
Aug 2020 - Aug 2022

- Generated design proposals from initial client contact to successful installation ranging from \$30k-\$250k+.
- Drafted floor plans in AutoCAD for design use.
- Involved in design selections, procurement, and furniture/lighting installations.
- Scheduled and managed contractors and trades.
- Created custom design schemes for client presentations.
- Handled expediting, logistics, and communicated with vendors.

Hadfield Capital
Analyst
July 2018 - July 2020

- Helped establish an investment fund that utilized technical/fundamental analysis to create proprietary investing strategies.
- Built analytical and research tools from the ground up to assist in the investment selection process.
- Set up SQL databases to manage financial and economic data.
- Actively sourced news outlets and macro-economic releases for identifying new trends and correlations.

Inside Incentive
Project Manager
Sep 2018 - Jan 2020

- Coordinated all aspects of planning and organization for a leading Southern California boutique destination management company.
- Specialized in European clientele such as BMW, Skoda, Ambev, Bayer, Huawei.
- Concentrated on corporate incentive travel, meetings conferences, product launches, and VIP experiences.
- Managed groups that ranged from 10-200 people with budgets from \$10k-\$100k+ that traveled throughout the United States, Canada, Mexico, and Caribbean.

Additional

Wheat Harvest
Combine Driver

- Successfully led the harvesting operation for over 800 acres of wheat on a farm in Yuma, Colorado.
- Acted as the primary combine driver during the July harvest window, overseeing and coordinating the harvesting process.
- Collaborated effectively with additional combine drivers and grain trucks to ensure the safe and orderly completion of the harvest.
