

Lord, what do you want to do through me?

Pray For God's continued guidance and blessing upon the campaign.

Reflect Upon and plan one's own sacrificial gift to the Campaign in a multi-year pledge

Commit To the future of Holy Trinity so that we may provide the resources for all to grow in worship, service, witness, and fellowship – today and in the generations to come.

Not equal gifts, but equal sacrifice

Equal giving is not the goal at Holy Trinity, but rather to come together as a church community – each sacrificing to achieve our vision. There is a role for everyone in the church and each contribution enables our success.

Gifts other than cash

- Stocks, bonds, annuities
- Real estate & other property
- Appreciated assets held for more than one year can provide tax benefits
- Giving the asset to the church allows the church to sell the asset
- Eliminates potential gain to the donor, allowing for a larger gift for the church

The Campaign for Holy Trinity

“With Unity of Thought and One Accord, Let's Make History”

HOLY TRINITY GREEK ORTHODOX CHURCH
RALEIGH, NORTH CAROLINA

My Friends,

The next time you ride down Lead Mine Road, I want you to look at that property we purchased and imagine seeing on that hill a city landmark, a unique church that is ours, that makes a statement. It's literally within our grasp now my friends. Recent donations have brought us even closer to our goal.

This exciting project offers many gift opportunities, both for outright gifts and for commitments over three years. Gifts can be made with assets other than cash, in the form of stocks, bonds, or real estate. Now that we have reached the significant milestone of having completed our master plan and defined phase one of our building plan, we have a plan that makes a statement in the capital city of Raleigh.

I believe together we can accomplish this legacy for our city, for our children, for our departed loved ones and ultimately for the Lord Himself. "All in" – Let's make history!

In His Diakonia,

Fr. Paul Christy
Protopresbyter
