

After watching the televised debate between the three hopefuls for the Alaska Senate Seat the author submits in this article his abbreviated review and ratings as to their performances regarding seven key issues discussed in the debate. Obviously, this is meant to suggest to the reader how these issues are viewed in light of the fear of God, as can only be understood by the Holy Scriptures. These issues were:

1. Protection of personal sovereignty
2. Protection of state sovereignty
3. War in Afghanistan, Iraq, and dealing with terrorists
4. Abortion in respect to rape or incest
5. The idea of Sarah Palin for president
6. Development of state resources
7. Creationism versus evolutionism as taught in our public schools.

God In American Politics-Alaskan U.S. Senate Seat Race: Joe Miller-Lisa Murkowski-Scott McAdams

Hey America:

America, the nation that was birthed by the workings of the Holy Spirit, as is shown in this quote taken from Samuel Fisher's *Testimony In Truth*, written in 1679. **“It has been deservedly esteemed one of the great and wonderful works of God in this last age, that the Lord stirred up the spirits of so many thousands of His servants...to transport themselves...into a desert land in America...in the way of seeking first the kingdom of God...for the purpose of “a fuller and better reformation of the Church of God, than it hath yet appeared in the world.”** Our founding fathers never had in mind that America be like other nations. It was to be a nation where Yeshua the Messiah (*Jesus the Christ*) ruled though men who had experienced the power of the Gospel and lived according to the dictations of the Holy Spirit. (*God's law*)

This Man of God's Abbreviated Report Card Concerning the Televised Debate of October, 27th, 2010

- **Protection of Personal Sovereignty: Joe Miller-highest score**

The issue of personal sovereignty is extremely important. It is exactly what the entire Bill of Rights was created to protect and preserve. It reflects the truth that men create governments therefore government is to be subject to men, not men to the government, just like God created man, therefore man is subject to God. The more government is shared by the people (*especially versus the Federal Government*) the more chance it has for effectiveness. However, to the disappointment of many, the idea and practice of personal sovereignty must be met equally with the principle and practice of personal responsibility. The more individuals look to government on any level to meet their personal needs, or to police their sinful habits, the more that government will rule their lives. **The hand that feeds and polices any individual will also RULE that individual.**

- **State Sovereignty: Joe Miller-highest score**
- State sovereignty is like personal sovereignty. We need to remember that in the beginning of this nation the federal government was basically limited to: national defense, a national postal system, foreign diplomacy and polices, and to regulate tariff. All other governmental responsibilities were to be assumed by state or local governments. Remember again, you that so greatly desire federal money. **The hand that feeds you will rule you.** The fifty states each need to be financially solvent in their own right. If you do not wish the Federal Government to rule you, then don't take their money. Consider where they got the money. They extracted it from the citizens of all fifty of the states. Therefore, no state has any more right to it than another.

- **War In Afghanistan-War In Iraq, and Dealing With Terrorists: Joe Miller-highest score**

The candidates in this debate all appear blind to a basic reality that needs to be faced before the “war on terrorism” can be understood or dealt with rightly. **That is that the destruction of the Twin Towers was very obviously not a foreign terrorist act. It was a well-planned and fabulously executed demolition job. In short, it was an inside job.** Go to 911truth.org and an exceeding amount of evidence will be presented concerning this. Until this basic understanding is corrected one cannot view either the Iraq or Afghanistan wars correctly, nor the size, scope, and provocation of foreign terrorism correctly. I am sad to say it has been America that has been the provoker in these wars. Congressman Don Young describes the war in Afghanistan the most correctly when he says, “it is un-winnable”, Scott McAdams says it correct when he says that our troops were not sent to be, what he calls “street side diplomats”.

- **Abortion In Respect To Rape Or Incest: Joe Miller-highest score**

The other candidates, both Lisa Murkowski and Scott McAdam stand for and promote the murder of the unborn. It is not that Joe Miller is some great hero, it is simply that in this group he alone agrees with the fear of God, and therefore is the only one able to understand that the life of the innocent child should not be snuffed out. (*I stand corrected, in reference to this issue he is a hero, for he stands for truth and decency, whereas the other two stand for murder*) It is completely true that according to YeHoVah’s law that in cases of either rape or incest one ought to die, but it is the one guilty of the crime that ought to die, not the innocent child. Now America: **I ask you. Why would you want to follow any man or woman that is too blind to figure out this basic truth?**

- **Idea of Sarah Palin For President: Lisa Murkowski-highest score**

I give Lisa Murkowski the highest rating because she said NO to the idea of Sarah Palin becoming president of the United States of America. Yet, it is very unlikely that we would agree as to why Mrs. Palin should not be. I say to you America, irrespective of the great force of confusion and evil that our grandfathers began to promote with the passing of the 19th amendment to the Constitution, and no matter how commonly accepted it has become, **YeHoVah’s law strictly prohibits women**

ruling over men. For it is written: *Let your women keep silence in the Churches: for it is not permitted unto them to speak; but they are commanded to be under obedience, as also saith the law.* (1 Cor. 14:34 KJV) The Scripture says in another place, *the head of every man is Christ; and the head of the woman is the man; and the head of Christ is God.* (1 Cor. 11:3b KJV) It is obvious to any obedient soul that headship (*which is ruler-ship*) has for not only religious government, but also that of civil government and the government of the home, been given to men, not women. **To give women a civil vote, thus making them equal in headship to their fathers, their husbands, and men in general is an exceeding confusion that has been the source of extreme domestic damage to this nation. It has been and continues to be a cancer in the flesh of the society of this nation.**

- **Development Of State Resources: Joe Miller-highest score**

Alaska, I say to you, put away from you the idea that the federal government owes you anything but those few things that our US Constitution dictates it is to do for each state. Find a way to throw off its numerous (*un-constitutional*) restraints that it has imposed on you, and responsibly develop those resources that YeHoVah' has put at your disposal.

- **Creationism versus Evolutionism As Taught In Our Public Schools: Joe Miller-highest score**

Both thought processes are religious. Anyone who argues this point shows him or herself to be a fool. For both take an element of faith. For as surely as no man has seen God, neither has any man living, or in recorded history seen eye-witness proof that “40 million years ago men crawled out of some “prehistoric” swamp and grew legs and stood upright.” However, if you wish to call creationism a theory, then you must call evolutionism a theory, and both must be given equal credence. Personally, I believe evolutionism is the epitome of ignorance and confusion. For only the fool says there is no God, and only a fool could possibly think that all of creation with all its complexities came forth by change, and still even more moronic is the idea that everything came from nothing, that it all just one day appeared. Something from nothing! That proposition is the thought process of a very empty-headed person completely void of reasonable thought.

I tell you America, there are dark and difficult days ahead. If you make it your habit to wait on or rely upon the federal government to be your guide, your provider, your protector, in short, your savior, you will be very sorely disappointed. The Almighty Creator through our Lord Yeshua, the Messiah, alone is the answer for all the issues of life. Yeshua, (*the Hebrew personality that most English-speaking people call Jesus*) alone has been appointed Savior, Lord, and Messiah (Messiah is a Hebrew term which basically means anointed as King over creation). For it is written: ***The LORD*** (YeHoVah') ***bringeth the counsel of the heathen*** (*That is any soul of man who refuses to obey His laws*) ***to nought: He maketh the devices of the people of none effect*** (Psalms 33:10 KJV). If you continue to turn from Him it will lead to the demise of all your best traits, as well as the economic benefits you have enjoyed.

Blessed is the nation whose God is the LORD (YeHoVah'). (Psalms 33:12a KJV)
