

How About The Truth Concerning Osama Bin Laden and The New York Twin Towers?

Or

Why Is Modern America So Open To Deception, Whether It Be Religious, Academic, Political, Or Scientific In Nature?

Or

The Current American Story As Seen In The Tale Of The Three Little Pigs

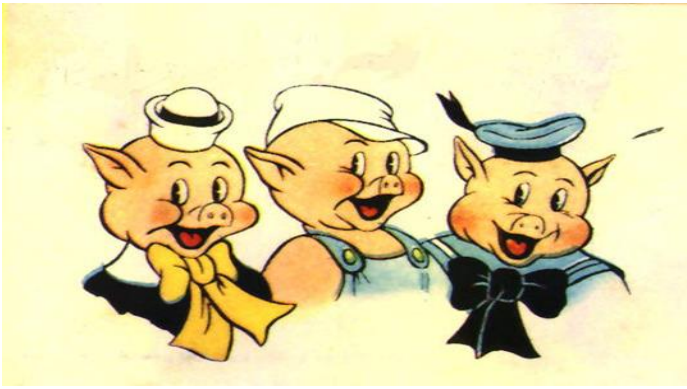

There once were three little pigs who having come of age set out on their own in life. Each possessing their own world view and from that formulated their personal value system, and in respect to life's threatening dangers they each set, according to their perception to provide themselves protection from the **Big Bad Wolf**. The first was lazy, irresponsible, and unrealistic in his thinking and therefore took the path of least effort. Greatly ignoring the reality of the life-threatening predators that also inhabited the forest, he built his house out of straw. This little piggy was often heard singing, "Whose afraid of the big bad wolf, the big bad wolf, the big bad wolf? I'm not afraid, for after all, he doesn't exist, he is only a figment of the imagination of ignorant and misinformed religious people."

The second little pig was a bit wiser, but still very foolish. To a very great degree he also allowed himself to think unrealistically and ignored the warnings of his wiser thoughts, therefore he built his house out of sticks. This little piggy, like unto the first little piggy, could be heard many times singing, "who's afraid of the Big Bad Wolf, the Big Bad Wolf, the Big Bad Wolf. I'm not, cuzz surely he only exists in fairy tales."

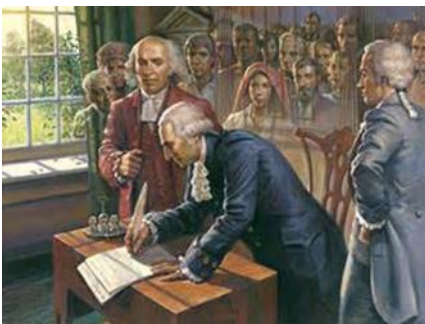

The third little piggy was a wise little pig. He knew that wolves also inhabited the forest where they lived, and that these wolves were to be feared, for a wolf's very nature is to hunt down, tear, and kill. Therefore, he put forth extra effort and built his house out of bricks, for he understood that the wisest and strongest protections were needed to secure for himself, and his posterity, the blessings of prosperity, peace and safety.

All three little pigs got their houses built, and then one day along came the **BIG BAD WOLF**. The wolf first approached the little piggy with the straw house and said, "open up, or I will huff, and I'll puff, and I'll blow your house in," and that is exactly what he did, and finding the little pig unprotected the **BIG BAD WOLF** had himself a barbequed pork supper. "Mmmmmm -- good", said the Big Bad Wolf!

Then the Big Bad Wolf went to the house of the little pig who build his house of sticks and said, "open up, or I'll huff, and I'll puff, and I'll blow your house in," and that is exactly what the wolf did. However, unlike the first little pig this little pig did not get eaten, but was very badly traumatized as he escaped into the forest with much pain and many open wounds. "Growl", said the Big Bad Wolf, "I'll not allow that to happen again!

Then the Big Bad Wolf in anger and determination went to the home of the wise little pig who had built his home out of bricks and mortar. "Open up, or I'll huff, and I'll puff, and I'll blow your house in," cried the wolf. "Never, answered the wise little pig, not by the hair of my chinny, chin chin." "Then I'll huff, and I'll puff, and I'll blow your house in," cried the wolf, and He huffed and He puffed, and He huffed and he puffed, all morning long until he was exhausted, but he could not blow the little piggy's house down. So in anger and desperation the Big Bad Wolf thought, "I know what I'll do, I'll crawl down the chimney stack and grab the little piggy and eat him for supper." But in his frustration, he didn't think things through very well, so he slipped down the chimney stack straight into a boiling pot of water where the Big Bad Wolf became supper for the wise little piggy. **And the wise little pig lived happily ever after!**

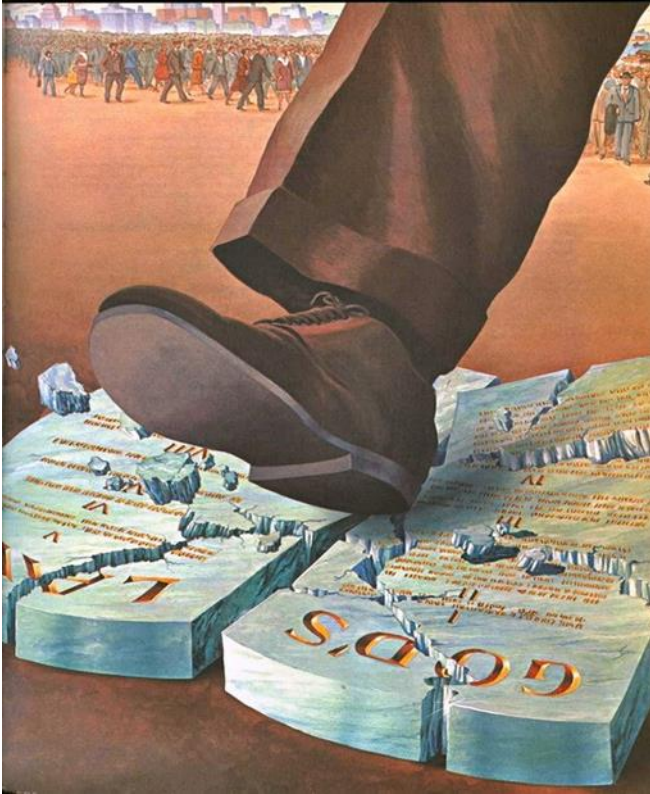

You America, through your generations could be likened unto The Three Little Pigs. The **Big Bad Wolf** is man centered Humanistic thought that has from shortly after the creation tended to ungodliness and rebellion. Our national fathers being God fearing - faithful men, are likened unto the third little pig who built the house of their personal lives, institutions, religious traditions, education systems, and political thought with solid and unbreakable materials that they minded from the Everlasting Gospel, and the Torah (*the Law of God*).

Our national fathers followed their Bible trained conscious and set forth to establish a political, religious, and domestic structure that could keep the wolf of ungodly, unreasonable, murderous, tyrannical, and oppressive men at bay so that they and their posterity would live "happily ever after". Even unto the return of the One who has been appointed LORD over the nations of the earth, even Yeshua. Undoubtedly, they meant for America to be a house built on the unshakable foundation comprised of the fear of YeHoVah'(Mat 7:24-27)!

However, like unto the second little pig, 20th century America chose to turn our national structure into a house of sticks, walking all over the Laws of God. That generation quite effectively replaced the brick and mortar (*the active godly faith of our founding fathers*) with the sticks of humanistic thought and practices such as the godless philosophy of feminism

as is practiced in its many forms, the murder of our un-born and newly born (*now to the tune of over 60 million innocent souls*), divorce, a huge standing army, 6 different intelligent agencies, (*hey, let's be honest with ourselves, they are simply spy organizations sent forth to gather any and all possible means to incriminate our own people- for America's chief enemy is not without its borders, but within*) divorce, adultery abounding, fornication abounding, the mention of YeHoVah' and His word outlawed from the schools, the very broad based acceptance of the bone head explanation of our origins, "evolution", the acceptance of the abominations of the LGBT movement, Etc. **This generation has**

left America wounded and filled with many pains and scars.

The third little piggy represents the America of present. **This America is fast on her way to being totally consumed by the Big Bad Wolf of ungodly, tyrannical oppressive men who seek her demise to make a meal of her as they murder and force her people captive to a one-world demonic governmental system, far worse than Hitler's Nazi Germany ever thought of being. There remains but one hope for this nation and that is the awakening of the remnant of God-fearing faithful people who will turn from their various forms of sin, indifference, and apathy.** Those that profess to be

God's must humble themselves crying out in repentance and humiliation to YeHoVah' turning from various elements of sins and give themselves to seek and submit to Yeshua the King, and then fight to restore America and to present her as a gift to the returning King of Glory (Zechariah 2:8 and Revelations 11:15)! **In other words, the short, sweet, and unadulterated version is this!**

We as Christians are being called of the Almighty to get off our lazy back sides, put aside our addiction to man centered religious philosophies that are contrary to the Torah, put away from ourselves confused and cowardly civil, religious, and educational leaders, and stand, and play the part of true disciples of Yeshua the Messiah!

The First Upfront Question

Was Osama Bin Laden a Terrorist? Yes, he was. Was he an international terrorist? Yes, he was. I will not argue these points, and I do not believe any informed and intelligent person could reasonably argue these points. However, the next question is a very different one. Was Osama Bin Laden and his terrorist organization responsible for the destruction of the New York Twin Towers? **No, he was not.** There is an exceeding amount of irrefutable evidence that establishes that the destruction of the New York Twin Towers was not a foreign terrorist action, but rather a very well planned,

professionally executed demolition job (*an inside job*). In fact, a very highly skilled one! Why do I say this, and how is it that I can claim to possess information from which to form so decisive a conclusion when it appears that 99.9% of all the media, the US federal government, and most of the governments of the world want to blame it on Osama Bin Laden? It is not that I am a genius, for I believe an honest 10 year old child given the evidence would come up with the very same conclusion.

I know that the destruction of the New York Twin Towers was feigned to appear as a foreign terrorist action, but the truth is that the jet planes that initiated the fires that were present in the towers could not possibly have created the damage that resulted in the total destruction of the New York Twin Towers that September day. It was an absolute physical impossibility for those towers to have fallen to the ground in the manner they did because of the fires initiated by the crashing of the jet planes into the two towers.

I say again.

IT WAS AN ABSOLUTE PHYSICAL IMPOSSIBILITY FOR THE NEW YORK TWIN TOWERS TO HAVE COLLAPSED AS THEY DID BECAUSE OF THE FIRES THAT WERE STARTED THAT DAY AS A RESULT OF THE TWO SEPARATE JET PLANES THAT CRASHED INTO THEM. So, how is it that I can make this conclusion? The answer is very simple. **I**

am willing to be honest. I have no hidden agenda, nor am I concerned about public opinion in reference to my stand. It is very obvious that the majority of both Americans and people abroad are either not willing to be honest or are very ignorant of the facts. I suppose the crowd that supports the lies do so because they have an agenda, and still another large portion of our people are very naive and have

not bothered to expose themselves to the volumes of evidence that supports the truth concerning how the New York Twin Towers fell that September day.

Here is the evidence:

THE TWIN TOWER'S DESTRUCTION EXHIBITED ALL the CHARACTERISTICS OF DESTRUCTION BY EXPLOSIVES: (and some non-standard characteristics)

- Destruction proceeds through path of greatest resistance at nearly free-fall acceleration
- Improbable symmetry of debris distribution
- Extremely rapid onset of destruction
- Over 100 first responders reported explosions and flashes
- Multi-ton steel sections ejected laterally 600feet at 60 mph
- Mid-air pulverization of 90,000 tons of concrete & metal decking
- Massive volume of expanding pyroclastic-like clouds
- 1200-foot-dia. Debris field: no "pancaked" floors found
- Isolated explosive ejections 20-40 stories below demolition front
- Total building destruction: dismemberment of steel frame
- Several tons of molten iron found under all 3 high rises
- Evidence of thermite incendiaries found in steel & dust samples
- FEMA steel analysis: sulfidation, oxidation & intergranular melting

--Zero precedent for steel-framed high-rise collapse due to fire

(All High Rise Demolitions no matter where they are located in the world look basically the same)

AND EXHIBITS NONE OF THE CHARACTERISTICS OF DESTRUCTION BY FIRE, IE

--Slow onset with large visible deformations

--Asymmetrical collapse which follows the path of least resistance (laws of conservation of momentum would cause a falling, intact, from the point of plane impact, to the side most damaged by the fires)

--Evidence of fire temperatures capable of softening steel

--High-rise buildings with much larger, hotter, and longer lasting fires have never “collapsed”

You can find any, and all of these points of evidence discussed in detail at AE911truth.org. It is a site sponsored by a collection of professional licensed architects and engineers who are dedicated to the truth behind the 911 incident.

The Second Primary Question To Be Answered

How is it that America is so open to being deceived, in not only such a basic national security issue, but also in numerous very fundamental political, educational, scientific, and religious issues? The upfront truth, as sad as it is, is that we have become a society that does not value the truth above all things. It is completely obvious that many things are more important to our people than the truth. We have sadly become a people who deal in lies and compromise. All of which boils down to a single word, and that word is SELF. GOD oriented people are people that love and do the truth in every aspect of their lives. SELF oriented people are people that learn to manipulate the truth to advance their personal agenda, whatever that might be. This is very obviously seen in the arenas of politics, religion, education, and science, and the only reason deception can flourish in any of these areas is that more and more of our American people have personally turned from the fear of YeHoVah', and thus are willing to accept and deal in lies. The very fabric of our society is not at all what it was even 50 years ago, let alone before that.

My Conclusion in respect to the current broadly published deception that promotes that Osama Bin Laden was the architect and executor of the destruction of the New York Twin Towers is that the American people have grown use to accepting and tolerating lies, therefore we as a people are ripe to accept the set of lies that formed our government's explanation of the destruction of the New York Twin Towers. Here are a few of the common basic lies that the political, educational, scientific, and religious communities promote:

The Political Community

----That the Twin Towers was a foreign terrorist action. They obviously wish to cover up something!

----That socialism is not a usurpation of the sovereignty of the individual man, and that, in the end, it will bring us prosperity. Socialism is, and will ever be the equal sharing of poverty.

----That any nation spending money it does not have can in the end prosper.

----That any person as the right to kill his neighbor, even if that neighbor happens to be an unwanted born, or unborn child (abortion).

--That giving women "equal" headship to men in general terms, and especially their Biblically appointed male heads is "wise" and "advanced", and can cause this, or any society to prosper.

----That morality, and thus the sweetness and peace of society can be maintained while excluding, and not allowing for the promotion of true religion.

----The lie that our American society was not a Christian Nation. Thus the many actions that come forth from our court systems to discourage, minimize, and even criminalize the promotion of Christian history, institutions, hallmarks, and the proclamation of the Christian faith. etc, etc, etc. (for the list goes on, and on, and on, and on)

The Educational Community

----The idea of teaching our youth that the doctrine of evolution is fact based upon science. The doctrine of evolution that has become so pervasive in this society is purely religious in nature, for there is zero scientific evidence supporting the theory of evolution. None, Nada, Zero, Zip! In fact, I can introduce you to an organization that has for years offered a one quarter of a million dollar reward for any provable evidence that establishes that the doctrine of evolution is true: CSE,org, (*which stands for Christian Science Evangelism.org*). This organization promotes exceedingly intelligent, fact filled seminars showing that the creation is approximately 6,000 years old and was created by intelligent design. Therefore, establishing that it had an intelligent Creator.

----The promotion of deceptions in text books that deny the Christian formation, and Christian history of this society.

----The promotion that the person and calling of a female is the same as that of a male, thereby encouraging youth to abandon the fear of YeHoVah' and the practice of Divine Order. Divine Order is that order of headship established by YeHoVah' that states that YeHoVah' is head of Messiah, Messiah is head of the man, and the man is the head of the woman. Without which practice families, communities, and societies fall victim to great points of confusion, and a very broad list of points of destruction associated with that confusion, IE: divorce, abortion, violent and oppressive youth, pornography, taxes, the modern trend of cohabitation outside of marriage, etc.

The Scientific Community

----The idea of teaching the theory of evolution as fact based on science, when in fact there is zero scientific evidence that the theory (doctrine) of evolution is scientific. It is, and has been from its conception a faith based argument. For again, there is zero scientific evidence establishing it as science. It is my conclusion that the doctrine of evolution takes extremely more faith than the doctrine of creation in that both logic, and volumes of scientific evidence support the concept that the world was created with intelligence, and not hap-hazardly, which is what blind chance would be, whereas the doctrine of evolution has zero honest science, or logic behind it.

The Religious Community (there are many, here are a few fundamental ones)

---**The lie that denies the seventh day Sabbath, replacing it with another day.** (*Even the practice of another day as the Sabbath is in honesty only kept by a very few*) In doing this it denies in action that YeHoVah' is the Creator (*and henceforth the master*) of all things, and that He is the Redeemer of all men kind, (*particularly those that hold the faith of Yeshua*) and that the seventh day of the earth's existence (*the seventh one -thousand-year period*) will soon open up where Messiah Himself will reign from Jerusalem. The keeping of the weekly Sabbath is commanded of YeHoVah' as a sign to express those very truths

---**The acceptance and practice of the doctrine of the equality of the sexes in regards to headship,** thus allowing women the right to a civil vote, and to occupy positions of authority over men in general and their immediate Biblically established male head, IE, their husband or father. The practice of equality of headship being given to the woman creates a body (*the home*) with two heads. Any person with the very smallest perception understands that a two headed being is a freak and cannot live and thrive. Thus you promote the nearly 70% divorce rate that is present in America. You promote abortion, you promote what is called "cohabitation", and many other sins come out of this confusion and deception

---**The lie that it is anything but an abomination in YeHoVah's eyes for a woman to adorn herself like a man,** thus signally that she is equal to a man, IE, women dressing as would a man, most basically seem in women wearing pants as would a man (Deuteronomy 22:5).

---**The lie that promotes the grace of God as an instrument that allows for men to transgress YeHoVah's commandments.** This is done when you nullify the commandments of God by misusing the truth stated in the Scripture that teaches that we are not "under the law, but under grace". Grace has never been, and will never be an excuse to transgress God's laws (Titus 2:11), for sin is the transgression of the Law (1Jn. 3:4).

America: We once were a great people in that we were a good people, and we were good people in that we in a much fuller way submitted ourselves to the fear of God. However, we are increasingly becoming a people that deal in lies, and very fundamental ones at that. Let me give it to you straight, for it appears that very few in this generation are willing to do that. God alone is truth, and at the same time the god of this world (Satan) rules in the hearts and minds of every soul of man who is not consecrated to Yeshua the Lord. He is the spirit of deception. He deals in lies. Every soul must pick whose side he is on, and the actions of his life will establish whose camp he has decided to pitch his tent and dwell in. If we, the American people would love the truth, if we desire to see America again be a nation whose institutions and ideologies are based on truth, then we must do these things:

Firstly: Each man and woman must whole heartedly align every aspect of his/her life with the Person, the Law, and the Gospel of Yeshua the Lord. This is the only way you can recognize and know the truth. This is the only way you can know the counterfeit from the genuine, and with that enlightenment find grace to help you take a stand for what is right.

Secondly: Hold each teacher and preacher of the Bible to the truth of the Bible. If he will not be held to that truth, then flush that one from your organization. If your organization will not flush him, then you must dis-fellowship yourself from that group. Yes, this is difficult and painful, but it must be done. You must recognize that many modern preachers are unfaithful stewards in respect to the true grace of God (*the testimony of their lives, and their ministries*). Why are so many ministers unfaithful stewards? Because so many have their eyes on big buildings, big crowds in their meetings, big bank accounts, a big name around town, a continuing job without hassle or interruption, the continuation of their radio, or television ministry, Etc. **We as servants of Yeshua cannot tolerate sin and walk with Yeshua!**

Thirdly: Hold all teachers, both scientific and educational to the truth. If they will not conform themselves to the truth then call them for the liars they are. Flush them, as much as possible dis-fellowship yourself from the influence that they may have on your life, and the life of your family

Fourthly: Recognize that our political community in this generation is nothing more or less than a reflection of the American people, for they spring forth from the general populace. They are *(as sad as this is)* a reflection of our people. To see them is, so to speak, to look into the mirror. The only way the American government will change is for the people to first change, and when the people change, the government will of necessity change, for we are, for better or for worse, a government of the people. As go the people, so goes the government.

In conclusion: I will remind every soul of man that may view this article to keep in mind that the God of truth will one day judge all lies. Everything that is not in accordance with Him, His Gospel, and His commandments will be held in judgment. And all that hold to lies *(any expression of man that is not in accordance with the truth of God)* will in fact have their place in the Lake of Fire, away from the presence of the Lord for eternity. Amen Blessed be the Everlasting Father, and the Lord Yeshua who is Messiah and who will soon rein from Jerusalem!

An American Watchman,
Gregory A DeHart
