HATCHERY REPORT

It has been a busy spring but a good busy! The spring stocking was completed with the final loads going to the river after the Salmon Derby.

The total spring stocking was: 12,243 Salmon, 36,115 year-old Rainbow Trout, and 12,338 fifteen month old Brown Trout.

The present stock in the hatchery includes 22,000 four month old Brown Trout at 2.5 grams and off to a real positive start. Just starting are 50,000 Rainbow that hatched in late May and will be in the hatchery until next spring. We will also raise 300 domestic Rainbow Trout over the summer for our public viewing pond.

There are a few maintenance projects to complete this summer, nothing major just keeping the hatchery in top condition for the next full season. Jake

GENERAL MEMBERSHIP MEETING
Tuesday, June 7, 2022

SCHOOL MINI-HATCHERY PROGRAM

This year's school mini-hatchery program came to a successful conclusion in mid-April. The children made the trip to Port Franks and released their fish into the water along with our hatchery raised fish. Each school received eyed-up Salmon eggs in November and helped hatch and grow them to be salmon fry ready for release into Lake Huron. The 12 schools plan to return for next year's program along with possibly up to 4 new schools.

Muskies Canada
Belle River Chapter
donated $500 to the Bluewater Anglers School Mini-Hatchery Program

FISH STOCKING NUMBERS: 2013 - 2022

Year	Brown Trout	Rainbow Trout	Salmon	Total
2013	16,550	35,000	3,200	54,750
2014	15,250	46,400	75,800	137,450
2015	0	35,000	75,000	110,000
2016	22,900	32,750	91,500	147,150

IN-MEMORIAM

Ed Holubowicz

May 11, 1953- March 28, 2022

Ed was a proud Bluewater Anglers member since 2005. He served on the Board of Directors from 2009-2019. Ed was Vice President from 2009-2017 and President from 2017-2019. He was Salmon Derby Committee member from 2011-2022. Ed had a passion for the outdoors and the water that he shared with family and friends.

IN-MEMORIAM DONATIONS

of $875 were received in memory of

Ed Holubowicz.

SHORELINE CLEAN UP

Saturday, June 11, 2022

9:00 AM – 11:00 AM

Spring is here and it is time to do some spring cleaning. Come down to the hatchery at 9:00 AM on Saturday, June 11th and help clean up the shoreline between downtown Sarnia and the Point Edward water treatment plant. Our annual shoreline cleanup is one of the ways the Bluewater Anglers try to help improve the fishing experience in our community.

Bring your gloves and wear sturdy footwear. We will provide the garbage bags. There will be hotdogs, pop, and coffee at the hatchery around 11 AM. We hope to see you on Saturday, June 11th . Bring your family and friends! For further information, contact Ross Bishop (donaldrbishop65@gmail.com or 519-331-6253).

CLUB SPRING DERBY

Saturday, April 23, 2022

Conditions were good for the club derby on Saturday allowing anglers to get out on Lake Huron. There were only 8 fish entered (... 4 by shore anglers, 4 by boaters). The numbers were down from recent years. Since it was a single fish per person per category derby, this total doesn't reflect the overall fishing success.

Shore Caught Category Winners (from right to left)

1st	Aaron Beauvais	5.38 lb. Walleye	$100
2nd	Michael Straub	4.84 lb. Rainbow Trout	$75
3rd	Cole Lauzon	3.80 lb. Rainbow Trout	$50
4th	Clayton Rennie	3.74 lb. Walleye	$25

Boat Caught Category Winners (from right to left)

1st	Al Dezort	15.76 lb. Salmon	$100

(the largest fish by a BWA member, won an extra $100)

2nd	Phil McNally	9.00 lb. Lake Trout	$75
3rd	Lorne Font	3.36 lb. Walleye	$50
4th	Scott Dezort	2.58 lb. Salmon	$25

Missing: Phil McNally

BLUEWATER ANGLERS
FAMILY FUN FISHING DAY

Saturday, July 9, 2022
8:00 AM – 11:00 AM

This is a FREE activity for families. You do not need an Ontario fishing licence during the July 2 – July 10, 2022 Ontario Family Fishing Week. Sign-in will be at a booth set up by the Bluewater Anglers in Centennial Park near the "fishy" fountain in the parking lot just south of the end of London Road at Front Street. Everybody must sign in to receive a bucket that can be used to collect your gobies and get your ticket for a free hot dog & pop back at the weigh-in at the Hatchery. Children under 12 must be accompanied by an adult. A limited number of fishing rods and bait will be available at the sign-in booth.

You will fish as a family. If your children have brought friends, they will count as part of your family for the derby. Boundaries are from Ferry Dock Hill to the Government Docks. Bluewater Angler volunteers will be in the fishing area to assist you as well as measure any fish other than gobies. This will allow you to live release the fish you do not want to keep.

The weigh-in is at the Hatchery (... north of the Bluewater bridges in Pt. Edward) between 11:00 AM and 11:30 AM. Bring your bucket of gobies to be weighed-in and redeem your ticket for a hot dog & pop. There are prizes for the most gobies caught. The number of gobies caught divided by the number of people fishing in your group gives you your total score. There will be a variety of prizes in the biggest fish category. NOTE: The $100 Bluewater Anglers member big fish prize does not apply to this family event.

The event will still occur if it is raining. The event will be cancelled if there is thunder and lightning in the area. There is no make-up date.

The **Lambton Bowhunters Association** donated $100 towards the Bluewater Anglers Kids programs.

VILLAGE OF POINT EDWARD AND THE BLUEWATER ANGLERS' WALLEYE DERBY

6:00 PM August 12, 2022
9:30 AM August 13, 2022

Everybody is eligible to enter the Bluewater Anglers **Walleye Derby** provided you have a valid fishing license and you have purchased a $10.00 entry ticket. This is a BOAT and SHORE event. If fishing in a group, everybody in the group must have a ticket. Tickets are available at ***Bucks Baits*** and ***The Outdoorsman*** until 4:30 PM on Friday, August 12th. Any money raised will go to support the Bluewater Anglers.

The Walleye Derby starts on Friday, August 12, 2022 at 6:00 PM. The weigh-in will be at the Hatchery from 9:00 AM - 9:30 AM on Saturday, August 13th. You ***MUST*** be in line by 9:30 AM to have your entries qualify. This is a single fish event ... you can only weigh in one (your largest) walleye. The Bluewater Anglers Salmon Derby boundaries apply ... in the St. Clair River south to the south end of Fawn Island, east to the harbour at Grand Bend, and north latitude 43'20" in Lake Huron.

Prizes will be awarded for the 10 heaviest walleyes.

1st	$500.00	6th	$25.00
2nd	$250.00	7th	$25.00
3rd	$125.00	8th	$25.00
4th	$100.00	9th	$25.00
5th	$50.00	10th	$25.00

PLUS ... $100.00 for the biggest fish (by weight) entered by a Bluewater Angler member.

Winners will be announced immediately after completion of the weigh-in. There will be a minimum of 5 draw prizes with winners drawn from all Walleye Derby entrants present. You must be present to win a draw prize. Come out and participate in the event.

Special thanks again to the

VILLAGE *of* POINT EDWARD
Progressively Independent Since 1878

for their generous donation of the $500 first place prize.

Michigan Department of Natural Resources News Release

MICHIGAN DNR Asks Anglers to Report Tagged Walleye

The Michigan DNR will jaw tag 3,000 walleye across multiple Saginaw Bay tributary rivers. As the DNR adds more tagged walleye to Michigan waters, anglers are asked to report tagged fish to assist data collection efforts. Anyone catching a tagged fish is asked to report the following information using the tag return form at Michigan.gov/EyesInTheField:

- Species.
- Length.
- Weight (if known).
- Tag location (where tag was attached).
- Identification number (the larger of the two sets of numbers).
- Tag return address (for example MICH DNR MM-1).
- Capture date and location.

In the notes box of the form, please list time of capture and sex of fish (if known). Each tag is stamped with a unique identifying number. Once a fish has been successfully reported, the angler will receive a letter detailing the fish's history. “The information reported is essential to measuring the health of the population and is critical data for planning the future management decisions needed to protect and enhance this important fishery,” said David Fielder, PhD. research biologist out of the DNR’s Alpena Fisheries Research Station. “Besides ensuring the walleye fishery remains sustainable, we also annually estimate the population size with the aid of these tag reports.”

The DNR has tagged more than 100,000 walleye in the Saginaw Bay area since 1981. Jaw tagging is part of a long-term research project to monitor survival and harvest rates and to learn about walleye movement.

About 10% of the tags include a $100 reward for reporting. To be eligible for a reward, photos are required of the flattened tag. Anglers can keep or release the fish. If anglers are not interested in a reward, please do not remove the tag before releasing the fish.

Tagging occurs each spring on the Tittabawassee River and other Saginaw Bay tributaries during the walleye spawning run. Walleye are collected with electrofishing boats that temporarily stun the fish to allow fisheries biologists and technicians to collect vital statistics, tag the fish and release them back into the river after the fish have recovered. After spawning, walleye migrate back into Saginaw Bay and a large number migrate out of the bay into Lake Huron. The fish that migrate out of the bay have been found ranging to the Straits of Mackinac to the north and Lake Erie to the south.

A second study will take place in Saginaw Bay this year in which 150 walleye will be implanted with acoustic transmitters that allow researchers to track the fish and learn more about their movement. Those walleye will have belly tags and will also include a $100 reward for the return of the transmitter. To learn more about marked and tagged fish, visit Marked and Tagged Fish (michigan.gov)”.

Jamie Grover
donated $100 to
the Bluewater Anglers.

CATCHING FISH

Jim got up bright and early one weekend and headed to the local river. He fished all day long but didn’t catch a thing. On the way home, he stopped at the fish market.

“I want to buy the three biggest Steelhead you’ve got,” he said to the owner.

The owner starts to bag up his order when Jim says, “No need for that, just throw them at me.”

“Why would I do that?” the owner asked

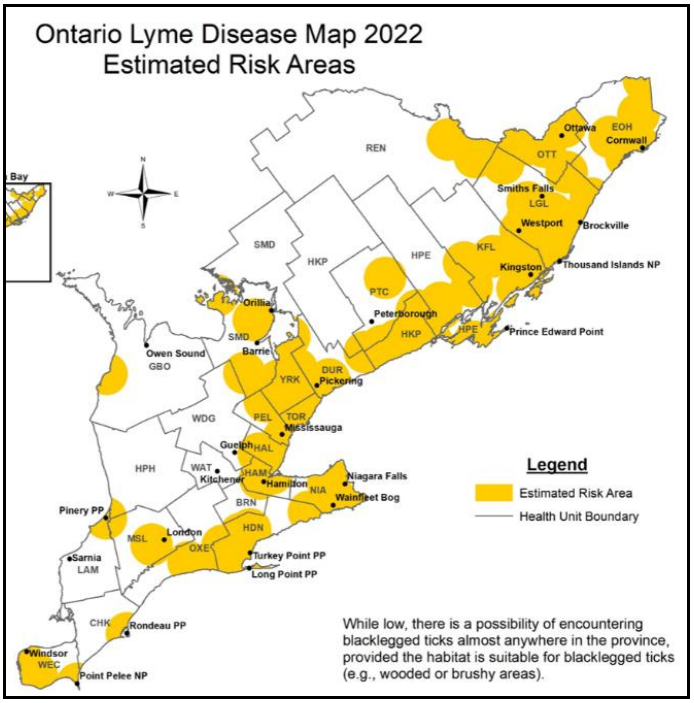
.

“So I can tell my wife that I caught three fish today!”

TICKS AND LIME DISEASE

When temperatures reach about 7 degrees Celsius, ticks become active in wooded and grassy areas where they sit atop shrubs and tall grass waiting to attach themselves to animals or people passing by.

The most common type of tick in the area is the American Dog tick, however, over the past few years we have seen more Blacklegged ticks, also known as deer ticks, in the area which can transmit Lyme Disease to its host through a bite (not all Blacklegged ticks are infected). While the risk of Lyme Disease in the area is still considered to be low, it is important to take precautionary measures to ensure that you protect yourself and your family from potentially being bitten by a tick.



Symptoms

If you are experiencing new, severe, or persistent symptoms, contact a health care provider.

Many people with early-stage lyme disease develop a distinctive circular rash at the site of the tick bite, usually around three to 30 days after being bitten. This is known as erythema migrans. The rash is often described as looking like a bull's-eye on a dart board.

Some of the common symptoms are as follows:

- Rashes
- Fever
- Chills
- Fatigue
- Headache

Symptoms of late-stage lyme disease:

- Numbness In hands and legs
- Arthritis
- Short term memory loss

Causes

- Lyme disease is a tick- borne infection caused by four main species of bacteria: Borrelia afzelii, Borrelia garinii, Borrelia mayonii and borrelia burgdoferi.
- In the United States, lyme disease is predominantly caused by Borrelia burgdorferi and Borrelia mayonii bacteria, carried primarily by certain species of ticks.
- The risk factors include:
- People who spend more time in outdoors such as wooded or grassy areas
- Exposed skin
- Not removing ticks immediately

Prevention

There is no vaccine available to prevent lyme disease. The best way to prevent the condition is to be aware of the risks when you visit areas where ticks are found and when bitten by a tick to quickly remove them.

Following precautionary measures may help avoid infection:

- Wear long pants to avoid tick bites
- Monitor children, pets to keep away from ticks
- Use insect repellents
- Make the surroundings unfriendly for the ticks to grow

Complications

Complications of severe Lyme disease include:

- Arthritis
- Neurological problems like meningitis, nerve inflammation
- Heart problems
- Facial nerve inflammation (Bell's palsy)

46TH ANNUAL (2022) SALMON DERBY

April 29 – May 8, 2022

The 2022 Sarnia Derby was another successful event. The weather wasn't as nice as it could have been ... but it wasn't too bad! The fish weren't as cooperative as they could have been. That is fishing!

One thousand one hundred and sixty-five (1165) anglers entered the 10-day Salmon Derby. This is the second highest level of participation in the Salmon Derby. There were 871 Single tickets and 98 Family tickets sold. On-line derby ticket sales far exceeded expectation this year. There were 218 Single tickets, and 37 Family tickets sold on-line.

A total of 1,087 fish were entered during the 2022 Salmon Derby. This is the 4th lowest number of fish entered since 2011. The 10-year average is 1249 fish with a low of 580 fish in 2017 and a high of 2089 fish in 2012.

The Bluewater Anglers would like to thank all the 2022 Salmon Derby sponsors and everybody who participated in this spring's derby. Your support is essential for the continued success of the Salmon Derby and the Bluewater Anglers hatchery program.

We hope to see all of you again the same time next spring!

SALMON CATEGORY WINNERS

#	Weight	Name
1	18.63	Ken McColl, Grand Bend
2	16.83	Jim Maxfield, Forest
3	16.73	Andrew Fink, London
4	16.39	Craig Hall, Wyoming

Thank You!

The Bluewater Anglers would like to pay **SPECIAL THANKS TO ALL OUR SPONSORS**, many of whom have been with us since 1980 when we first took over the derby. They, like all of you, realize that every dollar raised by the Bluewater Anglers Salmon Derby goes right back into the fish hatchery account to cover operating expenses. So take a few minutes to familiarize yourself with our many derby sponsors. This event would not be possible without their much-appreciated support.

Our sponsors are the reason that the Salmon Derby is so successful each year. We appreciate the continued generous support. Please support our sponsors when you make your purchases.

BLUEWATER ANGLERS MEMBERHIPS ON-LINE

You can now join the Bluewater Anglers or renew your Bluewater Anglers membership on-line at **Bluewater Anglers | Membership (https://members.bluewateranglers.com)**.

BLUEWATER ANGLERS AND OFAH MEMBERSHIP APPLICATION

The **Bluewater Anglers** are an affiliated club of the **Ontario Federation of Anglers & Hunters** (OFAH). Membership in the Bluewater Anglers includes membership in **Ontario Federation of Anglers & Hunters** (OFAH) since all members of an affiliated club must also be members of OFAH (www.ofah.org). Members can choose between an "affiliated" OFAH membership which includes the personal insurance and OFAH benefits but not the **Ontario OUT OF DOORS** (**OOD**) magazine or the "full" OFAH membership which includes the personal insurance and OFAH benefits plus the **Ontario OUT OF DOORS** (**OOD**) magazine. You can join the **Ontario Federation of Anglers & Hunters** (OFAH) at a discount rate through the Bluewater Anglers. If you have a current **Ontario Federation of Anglers & Hunters** (OFAH) membership through another club or organization, then you only need to pay for your regular Bluewater Anglers membership.

Complete the form below to become a Bluewater Anglers member or to renew your current membership. More information about membership benefits can be found at www.bluewateranglers.com/membership and www.ofah.org. Contact Ralph & Jo-Anne Eves (519-383-0873 or r_gary_1217@outlook.com) for more information.
