

Your Path to **Success** with XCEL:

Ace Your Insurance Exam on the First Try!

Jumpstart your insurance career. Start strong with XCEL's 3-part training program designed to ensure you pass the first time. Your blueprint to success begins here.

3 Steps to Guarantee Your Success – XCEL's 3-Part Training Program:

1

Pre-Licensing Course

This course satisfies any applicable state pre-licensing education requirements. It contains keywords, streamlined content, bite-size intro/summary videos, review notes, and short chapter exams. We recommend completing this section in 5 days or less (depending on your state).

Use and stick to the Study Calendar.

Watch all videos and read the material in depth.

Pass chapter exams with a 70%+ before progressing.

Utilize Review Notes over taking notes or making flashcards.

2

Focus on higher weighted chapters with over 50 questions.

Aim for 80%+ in chapter exams before progressing.

Take advantage of study tools and reviews before moving on.

Prep Review Course

This part scales down content to focus solely on the most important material with weighted chapters identical to the state exam. We recommend dedicating over 50% of your study effort to this section.

3

Exam Simulators

Each simulator is weighted by topic to match the state exam, allows for unlimited retakes, and can only be unlocked by completing the previous exam

Review any weak areas and chapters you got wrong.

Achieve a score of 85%+ to ensure first time readiness.

Complete all simulators and take one 24 hours before state exam.

Your Prepared to Pass Checklist:
