DISCOVER THE #WASHING**REVOLUTION**

REVOLUTION

EXTERNAL LAUNDERETTE SYSTEM

BROUGHT TO YOU BY ME GROUP UK AND REVOLUTION LAUNDRY

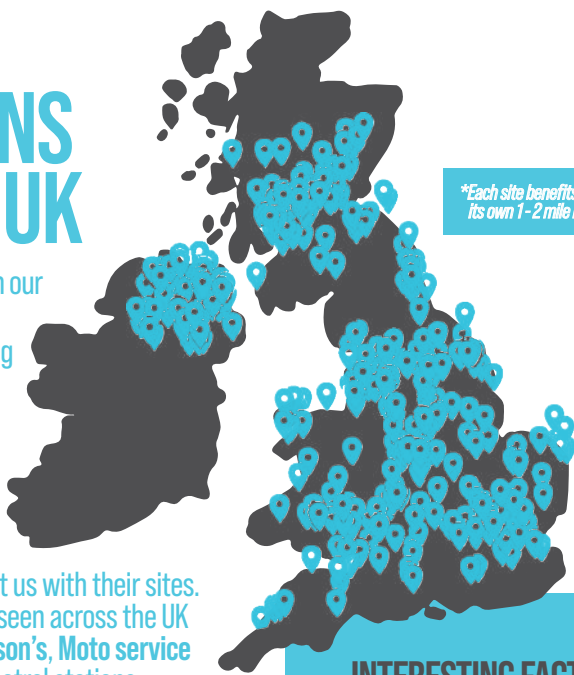

ME | GROUP
UK

The international automated vending specialists known for their iconic HMPO-partnered *Photo-Me* photo booths.

Our R&D team in France, headed up by vending-veterans and top industry talent, developed **Revolution Laundry** - the only external launderette system available in Europe.

OVER 600 INSTALLATIONS ACROSS THE UK

We work with site owners to position our machines in opportune locations, avoiding overcrowding while boosting awareness through our network of machines.* Meaning that you only benefit from the advertisement of installs surrounding your site.

**Each site benefits from its own 1-2 mile radius*

100's of partners trust us with their sites. Our machines can be seen across the UK in sites such as **Morrison's**, **Moto service stations** and **Texaco petrol stations**.

You earn **COMMISSION** from every transaction. We pay for the Revolution unit, the install and the maintenance. Your only requirement is to manage utilities.

INTERESTING FACT

Our top-performing machines in the UK are side-by-side and each make upwards of **£50,000 per year.***

*average machine performance varies between £12k - £20k per year.

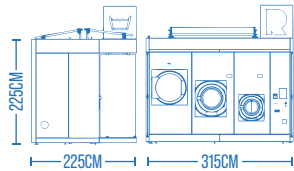

REVOLUTION

COMPACT VERSION 3

WHAT REVOLUTION OFFERS

INCREASE

INCREASE FOOTFALL by advertising the facilities in your community. We offer site partners support through Point of Sale collateral and more.

REPEAT

ENCOURAGE CUSTOMER LOYALTY and repeat visits thanks to a proven concept. Laundry is a necessity, making visits to your site inevitable.

COLLECT

GENERATE INCOME from a service that runs itself. Your commission could contribute to the overhead costs of your site.

FULLY MANAGED

We take care of everything. We provide weekly servicing, inclusive of detergent refills, maintenance and cleaning of the machine.

NO INVESTMENT

Providing you are eligible for a Revolution Laundry system, we do all the work. We invest £40k - £60k to install our machine at your site.

COMMISSION

You earn a commission from every transaction. No secret costs. No hidden fees. We pay for the machine and the install, you pay for utilities.

Maintenance
included

Customer
call centre

SIMPLE.
ECOLOGICAL.
HIGH PERFORMANCE.

HOW TO GET STARTED

WHAT WE NEED FROM YOU AND WHAT YOU CAN EXPECT FROM US WHEN INSTALLING YOUR REVOLUTION LAUNDRY UNIT

UNUSED SPACE to fit the unit. 3.5m wide with 2.5m depth, a similar size to a small van.

3 PHASE ELECTRICITY is needed to supply power to the external laundry unit.

ACCESS TO FOUL DRAIN to drain waste water from the machine.

ACCESS TO WATER to divert to the washing machine unit.

DAY 1

Our Business Development Manager will spend some time with you scoping out the site to find out if your site is eligible. You must have all the above to accommodate an install of our Revolution Laundry system.

SITE SURVEY begins and takes only 2-3 hours. We absorb the cost and organise all the groundwork, plumbing and wiring necessary, so we need to take a good look at the site to understand exactly what's needed. All you have to do is give us access to the site on the day.

DAY 2 - 4

Your local BDM will return to the site to take a closer look and review what's needed for the install.

THE CONTRACT is drafted up by our team. We'll ask you to review it to gain an understanding of what is required and what you can expect from your relationship with us. Remember, your local BDM will be on hand to answer any and all queries.

DAY 5-8

Our UK team review the site survey to ensure an install is possible, before proceeding to supply you with the contract.

INSTALL

We take care of everything. Installation is carried out by our expert teams and takes place in less than 5 hours. Bi-weekly checks and maintenance of the machines will be completed by one of our skilled technicians.

DAY 9-13

We will be on-site overseeing groundwork, electrical work and plumbing to ensure the Revolution gets up and running.

LAUNCH DAY can kick-off as soon as 2 weeks after first contact with your local BDM. When your machine is ready to go, we can host a launch event to let the local community know the Revolution has arrived in the area.

DAY 14

Your BDM will stay in contact to ensure your machine continues to perform as intended.

Eco-friendly detergent

Contactless payment

Accessible to persons with reduced mobility

Secure washing machines

Quick wash (30 min) and dry (from 15 min)

Text alerts at the end of wash cycle
