

HEALTHY LEADER

YOU MAY BE DISCIPLED,
RESTED, AND TRUSTED...

PROFILE DESCRIPTION

Based on how you evaluated yourself, you may be experiencing a season of overall ministry health! You may be rested, trusted, and disciplined!

The healthy leader has intentional rhythms of rest that remind them of the power, care and provision of God. They have been and/or are currently in a discipling relationship where their life is known by a trusted, wise mentor. They are growing spiritually.

They are able to appropriately handle the demands of ministry in a way that honors the Lord and others. The healthy leader has been trusted with creative influence and is able to steward that trust in a way that tells the story of the Gospel and leads others to worship Jesus.

The healthy leader does experience hardship, loss, and ministry struggles. However, they are marked by humility, maturity, and integrity in the way they live and minister to others.

If you are in a healthy season of ministry, we encourage two things.

- 1. Self-Reflection** - Does your actual ministry experience reflect health. Are you truly rested? Are you truly trusted? Are you being disciplined and growing spiritually? The most unhelpful outcome of this assessment would be a missed opportunity to be honest about our realities!
- 2. Responsibility** - If you are healthy, know that you have a responsibility to others in this healthy season! We celebrate with you! The question for you is: how can your healthy season positively effect others, particularly other leaders near you?

CONCLUSION

If you consider yourself a healthy leader, we believe that you have a responsibility to encourage and care for other leaders who are struggling. Chances are, you have been in an unhealthy season before and therefore understand what that is like for others.

We invite you to pray about connecting with us to pour into other leaders. We love finding volunteer leaders that we can resource to be an encouragement to other local leaders via regular coffees and lunches. We are praying that the Lord would provide wise and mature leaders to help bring unity to the Body by serving other leaders.

If this is something you would be interested in, contact us info@likewiseworship.com and let us know of your interest in pouring into others. In the We would love to get to know you and prayerfully consider whether or not it would be a good fit!

We pray that this was helpful to you. The purpose of this diagnostic assessment is to open ourselves up to what God wants to continue to do in us and through us. This requires an honest knowledge of who we are and where we struggle.

But know this! You are loved by the Creator of the Universe. And He has chosen you to serve Him in this incredible way. He is always with you.
