MADA COMMUNITY CENTRE COMMUNAUTAIRE ANNUAL REPORT RAPPORT ANNUEL 2020

Nous sommes une famille unie

We Are All
A Caring Family

Nous sommes
une famille unie

About Us / À propos

MADA'S MISSION IS THREEFOLD:

- To help people in need with the basic necessities of life while preserving their dignity and helping them to become self-sufficient members of our community
- To educate about poverty and inspire caring, sharing and sensitivity towards those in need
- To be a platform for meaningful projects and educational opportunities

MADA has always sought to bring our community closer. Grounded in the simple philosophy that “we are all a caring family”, MADA's core values are as follows:

LA MISSION DE MADA EST TRIPLE:

- Aider les personnes dans le besoin avec les nécessités de la vie tout en préservant leur dignité et en les aidant à devenir des membres autonomes de la communauté.
- Éduquer à la pauvreté et inspirer l'attention, le partage et la sensibilité envers les personnes dans le besoin.
- Être une plateforme pour des projets significatifs et des opportunités éducatives.

MADA a toujours cherché à rapprocher notre communauté. Fondés sur la philosophie simple selon laquelle “nous sommes une famille unie”, les valeurs fondamentales de MADA sont les suivantes:

A Message from the Board of Directors

Un message du conseil d'administration

Dear Friends,

The year 2020 started out just like any other. MADA had always been striving to fight poverty and help more and more vulnerable people each year through their diverse and incredible services, and this new year was no different. However, none of us knew just how much that need was going to grow after just a few short months as the COVID-19 pandemic struck.

Throughout the year, MADA became so much more vital than anyone could have imagined. People who were never in need before, now became the vulnerable in our community and the ones that were already struggling were left with even more difficulties to deal with. People became isolated, lost their jobs, their family members... and were more hungry and scared than ever.

In response to this, MADA doubled down on its commitment to empowering those in need with a sense of dignity, belonging, and purpose. MADA's membership to the Chez Makolet food bank, Shabbat to Share service, and so much more, skyrocketed, and the creation of their new Meals a Partager program was essential to so many helpless people's survival in our community.

MADA is a chosen family for thousands who, yesterday, found themselves isolated and uncared for; but today find themselves part of a secure and caring community. One positive outcome of COVID-19 is that it has removed the shame in asking for help and allowed so many to reap the benefits of what MADA has to offer them. Those in need continue to find MADA's caring arms open to accept them—and help them thrive.

MADA's positive influence affects not only the clients we serve, but our numerous volunteers, many benefactors and employees as well. The stories of our success in helping to reshape the lives of countless individuals could fill volumes. MADA is truly a platform for goodness in every sense of the word.

The past year, by the Grace of G-d, MADA was able to create the Meals a Partager program, open a new facility in the West Island, exponentially expand their fresh fruits and vegetables storage and distribution capabilities, and help thousands during this incredibly difficult time. There is so much more to be done though, as the demand for their services continues to grow.

Join me in becoming part of the MADA family. Help us to help you make a difference! Together we are stronger!

A Message from the Executive Director Un message du directeur général

Dear Friends,

As we pass the one year mark of COVID-19, I want to update you on our progress and accomplishments.

Thanks to our incredible volunteers, donors, staff, and contributing organizations such as Federation CJA and the Jewish Community Foundation, we have passed the one year mark of the Meals a Partager program, which means 52 weeks times 18 meals per week per recipient, with 580 recipients (on average), totaling 542,800 meals prepped, cooked, packaged, and delivered since the start of COVID-19!

Many more clients were added on to the Shabbat to Share program and as Covid persisted, thousands of holiday meals in a box were delivered in honor of Shavuot, Rosh Hashanah, Succoth, Chanukah, Purim and Passover. As the daily Cafeteria takeout meals continue over the past year, the number of meals reach an incredible total of over 600,000!

We recently expanded our fresh produce program and have a new large walk in fridge to accommodate the approximately 40 pallets of produce we receive and distribute to our members weekly

Overall, we have had an increase in the need for our services and have had more clients than ever before. Specifically, with our Chez Makolet food bank basket services, we have seen an approximately 15% increase and have met and served that demand! We plan on continuing to push our Chez Makolet service as COVID-19 B"H starts to lessen the demand on prepared food and increase the demand on groceries and household essential supplies.

Some other noteworthy items to mention are that we bought a new refrigerated truck and forklift to facilitate and improve our operations. The truck will help us keep food at a safe and controllable temperature for transportation and distribution. It will open doors for us to accept new donations of frozen or perishable items and is a very exciting progression for our procurement department.

As the actual pandemic is subsiding, the new vulnerability in our community that was not exposed before, is surfacing, and Mada is now faced with a significant increase of patrons who are dependent on our services.

Our staff and volunteers are stepping up their game to accomplish so much more in order to accomplish our mission. We are looking forward to your continued support and involvement, in order to increase Mada's impact on the vulnerable in our community.

May your homes be blessed with happiness and joy,

Rabbi Chaim S. Cohen

Executive Director

MADA – The Platform for Unity and Resilience during COVID

MADA's Response to Community Crisis and Challenges

Although COVID-19 has been dominating our year with crisis and restrictions, it has brought out an amazing year of sacrifice and unwavering caring and sharing in our community.

MADA's goal and vision have always been to respond to the less fortunate with dignity and communal pride **through a united community effort.**

MADA has always been on call for food security in the community. In 2006, MADA took over responsibility for "Le Mercaz" and developed a well-structured, expanded "**Chez Makolet**" Foodbank – serving over 5000 clients. In 2015, the B'nai Brith/Montreal Holiday Baskets was on the verge of shutting down, and MADA accepted to adopt and execute that project. Were there not 2000 impoverished patrons, dependent on holiday staples for Rosh Hashanah and Passover?

Then COVID struck, and new restrictions were in place. All MADA's holiday and daily food programs would have to conform to Plan B.

MADA – La plateforme pour l'unité et la résilience pendant la pandémie de COVID-19

Réponse de MADA face à la crise et les défis communautaires

Bien que la COVID-19 ait entraîné de nombreuses crises et restrictions, elle a également fait ressortir ce qu'il y a de mieux en nous. En effet, ce fut une année **incroyable marquée par des sacrifices, un soutien indéfectible, de la compassion et du partage au sein de notre communauté.**

Le but et la vision de MADA ont toujours été de redonner aux moins fortunés de la dignité et de la fierté communautaire **grâce à un effort collectif uni.**

Rétrospectivement, MADA a toujours lutté pour la sécurité alimentaire dans la communauté. En 2006, MADA a assumé l'exploitation de la cafétéria Le Mercaz et a lancé **Chez Makolet, une banque alimentaire** élargie et bien organisée qui vient en aide à plus de 5 000 personnes. En 2015, l'organisme B'nai Brith/Paniers de provisions de Montréal était sur le point de fermer ses portes lorsque MADA a accepté d'adopter et d'exécuter son projet. « **N'avions-nous pas plus de 2 000 clients pauvres qui dépendent de produits de première nécessité afin de célébrer les fêtes comme Roch Hachana et Pessah?** »

Puis la COVID-19 a frappé, donnant lieu à de nouvelles restrictions. Tous les programmes des fêtes et les programmes alimentaires quotidiens de MADA ont dû se conformer à un « plan B ».

2020 Highlight / Les points culminants de 2020

BEFORE COVID: MADA would organize seder meals throughout the city at 10 or more different locations for over 2500 attendees.

DURING COVID: MADA, with devoted staff and dedicated volunteers, supplied a "Seder in a Box" with Passover holiday-boxed meals to thousands in the community who were stranded without a seder.

AVANT LA COVID-19 : MADA organisait des repas pour le Seder pour plus de 2 500 participants dans au moins 10 emplacements répartis dans toute la ville.

PENDANT LA COVID-19 : Grâce au travail de son personnel et de ses bénévoles dévoués, MADA a fourni dans le cadre de son projet « Seder dans une boîte » des repas de Pâque en boîte à des milliers de personnes isolées qui ne pouvaient pas célébrer le Seder.

“ A thank you for the Seder in the box. you saved our Seder!!! The matzo shmurot tasted so good and fresh. thanks a million! Moshiaich now, Amen. ”

“ Thank you so much for the lovely Passover basket and to the delivery person on such a bad weather day! I cannot express enough gratitude. May you and yours be blessed with a safe, healthy and happy Perach. ”

BEFORE COVID: MADA would organize Rosh Hashanah festive dinners throughout the city at 10 or more different locations for over 2500 attendees.

DURING COVID: MADA delivered a Shana Tovah Box to all who were in need. Tears of joy were expressed when receiving the tasty Rosh Hashanah fish, honey cake, pomegranates, apple and honey and other Rosh Hashanah delicacies.

AVANT LA COVID-19 : MADA organisait des soupers festifs à l'occasion de Roch Hachana pour plus de 2 500 participants, et ce, dans au moins 10 emplacements répartis dans toute la ville.

PENDANT LA COVID-19 : La situation inévitable a incité MADA à fournir des boîtes de Chana Tova aux personnes dans le besoin. Certains ont même versé des larmes de joie en recevant les délicieuses spécialités de Roch Hachana, dont du poisson, du gâteau au miel, des grenades, des pommes et du miel.

“ Thank you from the bottom of my heart for the lovely food and gift boxes. They both served to brighten what would otherwise have been a very bleak and empty Rosh Hashanah. I normally do my own shopping and cooking, but this year with the pandemic and my age and compromised health, it was too difficult. So the prospect of a high holiday without any holiday doof was very real and depressing. The little silver cup and fancy napkin, the pomegranate and honey cake were little bright lights making a high holiday alone at home, depressed and unwell, feel just a little less hopeless. Thank you for all you do and bless you. I hope to one day in the future return to volunteering for MADA, as well as being able to give even a small donation, as I cannot think of an organization more worthy. Shana Tova and stay safe and well. ”

“ Hello, I just received my Rosh Hashanah basket and I want to thank you all SO MUCH!!! I was worried about not being able to get all the traditional foods for the holidays. I'll even be able to bake an apple cake to enjoy the apples and honey. I know it takes a lot of people working together to be able to do this mitzvah and I want to thank each and every one. Shana tovah. Thanks again! ”

2020 Highlight / Les points culminants de 2020

BEFORE COVID: Our Cafeteria served three nutritious meals a day to hundreds of clients.

DURING COVID: "Meals à Partager" was introduced, supplying and delivering over 12000 meals a week to our community members still isolated and vulnerable to COVID-19.

“

The food deliveries have been amazingly helpful and I want to say thank you to all the volunteers for making this possible. I am stressed right to my limit regarding my health not being up to par and dealing with my husband's stroke which, thank G-d, he is recovering from. So I am sure you can comprehend the stress we are all under. Without the pressure of having to worry about and cook some meals, these deliveries are a blessing. Thank you so much for your kindness and thanks to each and every volunteer who brings a smile to every single person affected by this horrible, terrible COVID. G-d bless us all!!!

”

AVANT LA COVID-19 : Notre cafétéria servait quotidiennement trois repas nutritifs par jour à des centaines de clients.

PENDANT LA COVID-19 : Le programme « Meals à partager » a été lancé afin de fournir plus de 12 000 repas par semaine aux membres de notre communauté qui étaient encore isolés et vulnérables pendant la pandémie.

“

I would like to thank MADA SO much for the 2 food boxes I received last night. I have not had such nutritious and delicious food in my home since I was forced to stop working because of Covid. I am going to be 60 years old and have never been needy, but now I am and it's SO hard on me. I opened the boxes and actually cried. All I've been eating is cereal and toast with cheese. Your food was absolutely delicious!! Thank you for your generosity.

”

BEFORE COVID: Chanukah and Purim parties were organized for over 800 attendees, including seniors and families, complete with dinner, entertainment and fulfillment of the holiday's mitzvot and traditions.

DURING COVID: Beautiful Chanukah and Purim holiday gift boxes were delivered to over 2000 patrons, complete with menorah kits, latkes, donuts, chocolate and other traditional holiday items.

“

What a nice surprise when I received 2 boxes today... latkes, chocolate almond bark (do I love that!) & other goodies!! Since I've been divorced and living alone for over 25 years, I can't remember ever lighting the menorah. However, when I received the menorah/candles today from MADA, I thought to myself that it might be a message from G-d, so what what?!? I WILL LIGHT THE CANDLES - FOR THE COMPLETE 8 NIGHTS!!!

”

AVANT LA COVID-19 : Des fêtes à l'occasion de Hannouka et de Pourim étaient organisées pour plus de 800 participants, y compris des personnes âgées et des familles, leur permettant ainsi de profiter d'un souper et de divertissements et de respecter les mitzvot et les traditions de ces fêtes.

PENDANT LA COVID-19 : À l'occasion des fêtes de Hannouka et de Pourim, plus de 2 000 clients ont reçu des boîtes-cadeaux comprenant des ensembles de ménorahs, des latkes, des beignes, du chocolat et des cadeaux traditionnels des fêtes.

How was MADA able to cook, pack and deliver thousands of meals during this terrible crisis?

It was only through the self-sacrifice and remarkable devotion of the community. MADA has **witnessed the greatest outpouring of love and concern** from all facets of our generous community. Volunteers poured in as angels in disguise to cook, pack and deliver from early morning to late in the day.

MADA has experienced a tremendous amount of unwavering effort, devotion and dedication from our lay leaders, volunteers and supporters during this crucial time. **"We couldn't, without you!"**

MADA thanks all who continue to help us accomplish our mission, **"Let no one be left behind,"** with success!

Comment MADA a-t-il pu préparer, emballer et livrer des milliers de repas pendant cette terrible crise?

Seuls l'esprit de sacrifice et le dévouement remarquable de la communauté ont rendu possibles ces réalisations. MADA a été **témoin de la plus grande effusion d'amour et d'attention** de la part de tous les membres de notre généreuse communauté. Comme des anges déguisés, des volontaires se sont manifestés pour cuisiner, emballer et livrer des repas du petit matin aux dernières heures de la journée.

Les responsables, les bénévoles et les contributeurs de MADA ont déployé des efforts indéfectibles et font preuve de dévouement et de compassion exemplaires pendant cette période critique. **« Nous n'aurions pas pu agir sans vous! »**

MADA remercie tous ceux qui continuent de l'aider à accomplir et réussir sa mission de **« ne jamais abandonner autrui »!**

Rebranding MADAs food bank

CHEZ MAKOLET

The MADA Food Bank has gone through a rebranding! Since the start of COVID-19, the need for our services has grown exponentially. With the increased need, our food bank has developed into a larger scale operation. Therefore, we wanted to dignify it more and prioritize it as an essential service of MADA. Furthermore, the food bank not only supplies food; it distributes many other essential items.

MADA food bank will now be called Chez Makolet, which is the name for a typical Israeli neighborhood grocery. The connotation of a Makolet suggests the intention of providing a warm and friendly environment, which supplies food and other essential items. Our goal is to provide this welcoming ambiance where our supply center is not just a warehouse, but a symbol of the togetherness that MADA embraces; whether you are a donor, volunteer, or client, we are all family!

MADA, la banque alimentaire bien-aimée, a récemment était renommée! Depuis le début de la pandémie, la demande de nos services a grandi exponentiellement. En conséquence, notre banque alimentaire a dû grandir pour pouvoir répondre aux besoins de la communauté. Ceci dit, nous avons voulu prioriser et rendre plus digne le service que MADA offre et qui était maintenant devenu encore plus essentielle.

Dorénavant, la banque alimentaire de MADA s'appellera Chez Makolet – un nom qui est généralement attribué à un dépanneur typique d'un petit quartier que l'on trouverai en Israel. Simplement dit, le mot "Makolet" suggère ou propose une ambiance chaleureuse et amicale qui offer des aliments et produits essentiels. Notre but est d'integrer cette ambiance à MADA, qui est non-seulement un entrepôt, mais un symbole de l'unité dont laquelle MADA aspire – qu'il s'agit d'un donneur, d'un volontaire ou même un client – à MADA, nous somme tous de la famille!

Gabriel and Clio Kakon fruits and vegetables fridge

MADA's clientele for the Chez Makolet Food Bank saw a drastic surge during these troubling times. A new walk-in **GABRIEL AND CLIO KAKON FRUITS AND VEGETABLES FRIDGE** was installed to preserve and ensure the freshness of the large quantities of produce distributed.

La clientèle de la banque alimentaire Chez Makolet de MADA s'est décuplée pendant cette période difficile. Un nouveau réfrigérateur-chambre de **FRUITS ET LÉGUMES DE GABRIEL ET CLIO KAKON** a été installé afin de préserver les grandes quantités de produits distribués et d'en garantir la fraîcheur.

MADA West Island

The West Island MADA location started serving meals for pick up in November and had its official opening event streamed live on YouTube on December 14th. Since then, we continue providing meals and now provide fresh produce to clients once every week. We also started giving clients the option to pick up their monthly "Chez Makolet" orders from there and have volunteers pick up the Shabbat to "Share and "Meals à Partager" boxes to deliver from there if they live closer to that location, making it more convenient all around!

L'emplacement MADA l'Ouest de l'île a commencé à servir des repas à récupérer en novembre et son événement d'ouverture officiel a été diffusé en direct sur YouTube le 14 décembre. Depuis, nous continuons à fournir des repas et fournissons désormais des produits frais aux clients une fois par semaine. Nous avons également commencé à offrir aux clients la possibilité de récupérer leurs commandes mensuelles "Chez Makolet" à partir de là et de demander à des bénévoles de récupérer les boîtes "Shabbat to Share" et "Meals à Partager" pour les livrer à partir de là s'ils habitent plus près de cet endroit, ce qui le rend plus pratique partout!

Merci de m'avoir donné la chance de faire mes sederim de Pessah pendant ces temps difficiles.

Thank you so much for the passover plate and dinner, this was a difficult time to get the ingredients. I will never forget it! So grateful.

Thank you for sending my daughter and son-in-law, Shira and Jordan, your Seder in a box. I do not know how you found them, but they needed and appreciated your very thoughtful gift.

Hello,
On behalf of my Family, I would like to thank you for your contribution regarding the Passover meals distribution a month ago. Your support in those difficult times helps us maintain our Jewish traditions ongoing and make the community a great place to live. We are full of gratitude for your generosity! Thank you again for your support! You are awesome!

It's an unbelievable Chesed what you do for the entire Montreal, you don't ask questions, everyone who needs help you are there.

It's a multicultural community you serve with tender loving care.

Your help is needed, but you go above your ability to stretch what you have to make all hungry mouth filled.

Thank you for your help. thank you for serving us with tender loving care, with a smile.

I received today a beautiful Shabbeth food package, yummy, elegant, mouthwatering.

Thank you, but specially happy because I was just informed tomorrow the water will be closed.

I was wondering: How will I make Shabbeth?

Just as I was worried, a beautiful generous food package arrived.

Thank you from my bottom of my heart!
