For reviewers and reviewers, this wonderfully chilling novel creates a famous master of suspense, about a woman who undertakes a desperate venture that could change or end her life, about a heroine she will never forget. What happens when your worst fears don't come true? Everything in mind? Rae Newborn is a woman on the edge: on the edge of sanity, on the edge of tragedy, and now at the edge of the world. He moved to an island at the other end of the continent to restore home to an equally visited character, his mysterious grandson.

But as her life intertwines with her home, her story begins to trip her up. Powerful forces are on edge, but Rae cannot see where her reality ends and her destiny begins. Rae is 52 years old and must struggle with feelings that have been tormenting her for a long time - panic, melancholy and the eerie feeling of observers behind her in the trees. Before she came here, she believed that most of the things she feared only existed in her head. And with the growing number of disturbing events, who's to say that any of the Folly Island observers could be real? Is Rae becoming paranoid, as her family and the police think, or is the threat real? Is the island full of promise - or full of danger? In Folly, award-winning author Laurie R.
