

MyiQ.Ai

Automating AP Invoice Processing with AI

<http://www.myiq.ai/>

Pain: The Manual AP Invoice Processing Burden

Tedious work & rework

Manual data entry is time-consuming and error-prone

Limited staff capacity

AP teams lack capacity for strategic tasks due to repetitive manual work

Bottomline Impact

Delays lead to missed discounts, overdue penalties, late payments, and strained supplier relationships

Reporting Challenges

Limited visibility and control over invoice lifecycles hinder reporting

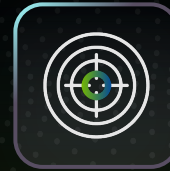

Solution: MyiQ.AI

MyiQ.AI is an AI-powered platform that automates the entire AP invoice processing lifecycle.

Intelligent Automation

AI engine extracts data from invoices with exceptional accuracy and automate exception handling, approvals, accruals, and month-closing

Improved Accuracy

Automated data extraction and validation coupled with real-time sync of master and transactional data ensures accurate financial reporting

Focus on Efficiency

Automation frees up AP teams for higher-value activities, enables faster invoice processing, improves cash flow, and strengthens supplier relationships

Visibility & Control

Platform for managing invoice processing activities of all users from multiple entities with real-time tracking provide greater visibility and control

The MyiQ.AI **Advantage**

Imagine an AP Team Focused on Strategy, Not Just Invoices!

Accuracy **95%**

Eliminate manual data entry and errors with AI for automatic data extraction from structured as well as unstructured invoices

Cost Saving **60%**

Save on your AP invoice processing spend and prevent fraudulent/double payments while capturing discounts with AP automation

Time Savings **90%**

Spend time on value adding tasks by eliminating manual effort with automated data capture, exception handling, workflows and accruals

Why we are **different**

01

Continuously learning AI and machine learning for unmatched accuracy and efficiency

02

User-friendly platform that requires minimal IT integration and scales with your needs

03

Focus on user experience for seamless adoption by AP teams

04

Commitment to data security and regulatory compliance

Save time and money with AI powered AP Invoice Processing Automation
