

I'm not robot

A collection of Warhammer Fantasy Battle army books and supplements has been compiled. These resources include rules for various armies, environments, and campaigns within the game. The army books typically contain background information about a particular race, their units, characters, war machines, magic lore, and special items. Additionally, they feature hobby sections with model examples and army lists organized by type and points value. Recent developments in January 2024 include the rebranding of Warhammer Fantasy Battle to Warhammer: The Old World Army. New releases include: * Arcane Journal: Orc & Goblin Tribes (ISBN 978-1837790579, April 2024) * Arcane Journal: Tomb Kings of Khemri (ISBN 978-1837790500, January 2024) * Arcane Journal: Kingdom of Bretonnia (ISBN 978-1837790531, January 2024) * Forces of Fantasy (ISBN 978-1837790142, January 2024) The Warhammer Fantasy Battles tabletop game has undergone several edition changes, with each new edition introducing updated rules and army books for various factions. Starting from the 4th edition, individual army books were published for different races and realms in the Warhammer world, accompanied by corresponding miniature armies. In the 8th edition, released in July 2010, army books were published as hardcover, full-color volumes. These books included Wood Elves (May 2014), Dwarfs (February 2014), Dark Elves (October 2013), and others. The 7th edition, released in September 2006, also had its own set of army books, including Beastmen (February 2010), Skaven (November 2009), and Lizardmen (February 2009). Some of these books were eventually replaced by new versions in the 8th edition. Earlier editions, such as the 6th edition released in October 2000, had their own set of army books. These included Dwarfs (January 2001), Wood Elves (September 2005), and Ogre Kingdoms (January 2005). Some of these books were eventually replaced by new versions in later editions. In addition to the main army books, there were also supplement notes and campaign expansions published, such as Legendary Battles and Mighty Empires. The Warhammer Fantasy Battles series has undergone several editions, with each edition introducing new army books. Here are some key points: In the 6th edition (2000), preview army lists for Lizardmen, Bretonnia, Wood elves, and Beast of Chaos were published in White Dwarf magazines before being replaced by their individual army books. The 5th edition (1996) saw the release of individual army books for various factions, including Dogs of War, Regiments of Renown, Vampire Counts, and Realm of Chaos. This edition was notable for featuring individual army books, which became a standard format in subsequent editions. Prior to the 5th edition, the series used a different format, with some armies having multiple lists published before their individual army books were released. In recent years, Warhammer Fantasy Battles has seen various expansions and digital releases, including The End Times expansion, which introduced new army lists for various factions. These updates have been accompanied by new units, formations, and rules for gameplay. Overall, the Warhammer Fantasy Battles series has a rich history of army books, previews, and expansions that have shaped the game over the years. Warhammer 40k Digital Releases and Expansions Warhammer 40k has seen numerous digital releases and expansions over the years, offering a wealth of new content for fans to engage with. November 2013 saw the release of Warhammer Battlefields: Northern Wastes Campaign Expansion, followed by Warhammer Battlefields: Border Wars Campaign Expansion in August 2013. The same month also brought Warhammer Battlefields: Lustria Campaign Expansion. In December 2011, Tamurkhan: Throne of Chaos was released, featuring the Chaos Dwarf army list. Other notable releases include Storm of Magic in July 2011, Supplement Notes in November 2012, Conquest of the New World in 2005, and Lustria in 2005. The General's Compendium Campaigns, Scenarios & More was published in 2003, alongside Warhammer Chronicles 2004 Q&A, Errata, etc. Warhammer Skirmish scenarios were released in 2002, with Dark Shadows Campaign Expansion following in August of the same year. The annual publications, including Warhammer Annual 2002 and Warhammer Siege, have also been part of this digital expansion series.
