Block of the month 2025

Introducing our April Quilt Blocks feature, where we'll be working with the NEW! Dazzle Dots Fat Quarter Fabric Pack and some exclusive tools from Team NZP and Clover. We'll guide you through step-by-step instructions to create these stunning blocks. To get started, use our handy Fabric Planner Diagram to keep track of your fabric choices. Download the planner, make notes, or pin cut block elements to it to ensure you remember the fabric placements. Then, pre-shrink and press your fabrics before stabilizing them with Quilter's Starch Savvy. This month, we're featuring one block that you'll repeat five times to create a total of five blocks. The assembled block will be 12-1/2″ square, with a finished size of 12″. We'll demonstrate how to cut fabrics for these blocks using the Exclusive No-Hassle Triangles Ruler by Team NZP. Using this ruler, cut four 3-7/8″ fabric strips from the Block Background Fabric (Sunburst Dots White Tone-on-Tone) and sub-cut eleven 3-7/8″ squares from each strip. You'll need a total of forty-four squares for this month's project. Next, construct half-square triangles using Citron/Gray fabric and the Block Background Fabric. Follow our instructions to create twenty block sets, which you'll then mark using Clover's No-Hassle Triangles Gauge and Fine Marking Pen or Frixion Marking Pen. Get ready to be dazzled by the results! Given article text here A ruler is used to connect the marked lines on each block pair in the 3-7/8" Half-Square triangle set, creating a solid center mark. This process is repeated for the entire set of forty blocks. The blocks are then rotated 180 degrees and stitched along the other side of the center marked lines using scissors to clip threads between chain-stitched block pairs and remove pins. Get Ready for the NEW! 2025 Block of the Month Mystery Quilt Series at Nancy Zieman Productions Looking forward to seeing everyone at our grand opening event in Downtown Beaver Dam, WI on May 15-17, 2025. Pre-register now for our Sit & Sew Classes with BERNINA Specialists Donna and Richard. Shop our National Serger Month Sale and enjoy the best prices of the year on various brands. Join us for a fun-filled day at The Nancy Zieman Sewing Studio, April 26th. Take part in our FREE Cord Wraps Make it! Take it! Happy Quilting event. Hosting a mystery quilting event and inviting everyone to join in! It's Tuesday, folks! Join us as we take a trip down memory lane and revisit some amazing Designer Mystery quilts from over the years. Introducing our new Block of the Month Mystery Quilt Series for 2025, featuring the Dazzle Dots Fat Quarter Bundle by Christa Watson for Benartex! This year's series will have 12 blocks, with each block featuring fabrics from one Dazzle Dots Fat Quarter Pack. The finished quilt will measure approximately 74″ x 86″. To get started, make sure you have the right tools: a sharp rotary cutter blade, No-Hassle Triangles Ruler, and rotary cutting mat. You'll also need pressing notions and a few other basic supplies. Great news! Half-Square Triangles are easy to create with our Exclusive No-Hassle Triangles Ruler and Gauge! Prepare for the new series by gathering your supplies, organizing your sewing space, and pre-shrinking your quilt fabrics. Sewing tutorials will start on February 15, 2025, and a new block design will be posted every third Saturday of the month. We're excited to share this journey with you! Nancy Zieman Productions presents the NEW! 2025 Block of the Month Mystery Quilt Series, available at ShopNZP.com. The series includes supplies for each block, along with team Nancy Zieman and The Stitch it! Sisters. Nancy Zieman Productions, LLC is a production of NZ Productions LLC. A sampler quilt will be released monthly, starting in February. Each month features a new technique for completing nine 12-inch square blocks. Fabric requirements are approximate and designed for four fabrics and a background fabric. However, you can use any fabrics from your stash to make the project as scrappy as desired. The first month's instructions will include photos, links, or other helpful items for each block. The final quilt size is 60 inches square, with optional sashing using 2 ½ inch strips and 9 Patch cornerstones. You can place blocks on point and be creative with the design. If you dislike a particular block or technique, replace it with any 12-inch block you want. A sign-up sheet will be available at the class table or email louise.veverka@yahoo.com for future notices. Watch this month’s video on my blog for more ideas and information about our 2025 Mystery Block of the Month featuring 18″ log cabin blocks with 6″ centers inspired by my Summer House quilt from last year. This year's block features a total of 12 large blocks, but you can also sew just the 6″ block centers. Each month on the first Monday, new patterns will be released here on the blog for free download, and members of our Patreon Group get access to downloads through their platform. You can also find past pattern downloads in our Block of the Month Archives page. To watch this month's quilt block video, just head over to my YouTube channel or visit the link above. In these monthly videos, I share tips for block construction, pressing on the back of blocks, and additional insights about each block. These videos are super helpful, especially for beginner quilters. Next month, we'll be releasing a new block in this sew along, starting February 3rd. You can access PDF patterns at any time, with the option to join in 2025 or immediately if you sign up today. This includes patterns from January 2025 to present, allowing you to start creating them right away. Our resources are designed for beginners who want to learn, but experienced quilters will also find enjoyment in making these blocks.
