A long time ago, the ancient saviors of humanity founded a village as their haven. This village is called Kunlun. It is located beside the infamous "Last Dungeon," where monsters of unimaginable strength reside. The Last Dungeon serves as the hunting grounds for Kunlun residents. Lloyd Belladonna from this village thinks he is the weakest in terms of magic, strength, and intelligence. Despite his low status, he wishes to become a soldier and joins the military academy in the Kingdom of Azami to fulfill his dream. Lloyd's upbringing defies common sense, which might lead to him being able to control his innate power and help solve the kingdom's crises. Suppose a Kid From the Last Dungeon Boonies Moved to a Starter Town has 15 volumes. The anime adaptation began in January 2021 with Liden Films. ========== LasDan, a series by Toshio Satō, explores the life of Lloyd Belladonna, a young boy from the legendary town of Kunlun who left to become a soldier in the kingdom's army. Contrary to his village's perception of him as a weakling, Lloyd is incredibly powerful and has been training intensely to hone his skills. Lloyd's journey begins after he moves to Azami, where he seeks to make a name for himself and find acceptance. His unique strengths, including incredible strength, speed, magic, and other talents, are overshadowed by his crippling self-esteem issues stemming from being underestimated by others. Despite this, Lloyd remains kind, generous, and humble. During his time in Azami, Lloyd meets various individuals who become attracted to him. Among them is Marie, a teenage witch living in the east side slums of the capital, who possesses potions and sells information for survival. Unbeknownst to most, Marie is secretly the missing princess of the kingdom, Maria Azami. Another key figure is Alka, the village chief of Kunlun Village, who has been hiding her true age and immense magical powers. She subtly manipulates Lloyd's perceptions of himself, encouraging him to leave for the army, while secretly harboring a crush on him. Selen Hemein, also known as the "Cursed Belt Princess," is introduced in the series. Cursed as a child by a magic belt that she cannot remove, Selen seeks power and joins the army to break the curse. Upon meeting Lloyd, he inadvertently breaks the curse, causing Selen's feelings towards him to intensify. The series delves into themes of identity, self-acceptance, and the complexities of relationships, as Lloyd navigates his new life in Azami while confronting his inner struggles and those around him.Flavin (リッホー・フレービン, Rihhō Furēbin) Voiced by: Minami Tsuda[3] (Japanese); Elizabeth Maxwell[4] (English) A mercenary with one arm. Lloyd, driven by a desire to prove himself, couldn't help but think that he could impress even the toughest opponents. But before things escalated further, Marie swooped in with her wind magic and stole Lloyd away from Allan's clutches. "Tatoeba "Nan Demo Shimasu!" to Iwarerya Warui Ki wa Shinai Kedo Soko wa Damette Iwanakya Ikenai Yō na Jirenma" - it was a lesson that even the strongest warriors couldn't ignore. As Lloyd struggled to come to terms with Marie's actions, he began to realize that there were forces beyond his control at play. The Demon Lord Abbadon had infiltrated the king's mind, manipulating him into declaring war in just three days' time. It was then that Marie revealed herself as the key to unlocking this mystery, and Lloyd found himself drawn into a web of intrigue. With the help of Selen and Riho, Marie set out to unravel the truth behind Merthohan's actions. But it wasn't until Chrome confronted her that she finally realized the true nature of their conflict. The Demon Lord was not just a mindless beast - it was a symbol of a deeper struggle for power. As the stakes grew higher, Lloyd found himself at the forefront of the battle. With Marie by his side, he faced down Merthohan and defeated him with a swipe of his hand. But even as they celebrated their victory, Lloyd couldn't shake off the feeling that there was more to this story than met the eye. And so, the battle-scarred warriors continued on their journey, each step forward fueled by the promise of discovery and the thrill of the unknown.Paraphrased text here ========== Katte, no Kaisetsu: "Tatoeba Fuan ga Nai Wake de wa Nakatta ga Yappari Shirinugui o Suru no wa Jibun ni Nari Sō na Yokan" Shōma to Kikyou no Kōsen ni tsuitezu, Lloyd-san ga kūsaku suru koto ni atteiru. --- Sou decides to defeat the giant snake in the dungeon before Lloyd and his friends.
