The book Cengage Coordinate Geometry Chapterwise Topicwise Daily Practice Problems (DPP) by G. Tewani is designed to help students master coordinate geometry concepts through structured daily practice. It covers coordinate systems, straight lines, circles, conic sections (parabola, ellipse, hyperbola), and pair of straight lines, making it a valuable resource for JEE Main and Advanced aspirants. The book includes solution videos for selective questions, NCERT Exemplar Solutions, and chapter-wise assessments, ensuring a comprehensive learning experience. With 109 pages in English, this Cengage publication is aimed at students studying Class 12 Maths. The publisher, Cengage, provides support through downloadable PDF versions of the book, allowing students to access the content directly. For those interested in algebra, Cengage offers another daily practice problem book, Cengage Algebra Chapterwise Topicwise Daily Practice Problems (DPP). Authored by G. Tewani as well, this publication focuses on strengthening problem-solving skills in algebra for JEE Main and Advanced exams. It includes solution videos, NCERT Exemplar Solutions, and chapter-wise assessments to aid learning. Both books are designed to aid students in their learning journey and provide structured practice to improve understanding of Coordinate Geometry and Algebraic concepts. ==========Vidhi karein apne parivar ke logon ke saath samay bitana aur unke saath kuchh vichar share karna. ========== Aapko khas karke aapke pratiyaktaa ki anuman kaise pahunchti hai. Aaye din aaj tumhe kisi naya avsar mila hoga, jisme tum apne parivaar ke sath samay bitane ka mauka paoge. Is avsar ko dhyan mein rakhte hue, tumhein apne parivar ke logon ke saath sanvaad karne aur unke sath kuchh vichar share karnaa chahiye.
